The following Notifications issued by Government under the Epidemic Diseases Regulation II of 1897.

NOTIFICATION.

No. 336 *A, dated Camp Mysore,* 8*th March* 1897.

In republishing for general information Notifications Nos. 761 and 762, dated 25th February 1897, issued by the Resident in Mysore under section 2, *sub-section* 3, of the Epidemic Diseases Act, 1897, the Government of Mysore are pleased to frame the following temporary regulations under the power vested in them by section 2, *sub-section* 3, of the Mysore Epidemic Diseases Regulation II of 1897 :—

1. Any Officer of the Mysore Medical, Police or other Department, deputed for that purpose, may receive from the Inspecting Officers referred to in Rule IV of the Resident's Notification No. 761, persons suffering or suspected to be suffering from the bubonic plague, and detain them in such places within the Mysore State as may be appointed for their accommodation.

2. Any Officer of the Mysore Medical, Police or other Department, deputed for that purpose, may receive from the Inspecting Officer aforesaid, any person who may be handed over to him to be dealt with under Rule VI of the Resident's Notification No. 761, and remove him or cause him to be removed to a place provided under Rule 1 above, and there cause him to be detained for 10 days, when if he is certified to be free from the infection of the plague, he shall be restored to the Inspecting Officer with a view to his being permitted to depart therefrom.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts

Notifications by the Resident in Mysore.

No. 761, *dated Bangalore, the* 25*th February* 1897.

Whereas certain parts of India are visited by, and the Province of Mysore and the Civil and Military Station of Bangalore are threatened with, an outbreak of a dangerous epidemic disease known as bubonic plague, the Officiating Resident in Mysore, in exercise of the powers delegated to him by the Governor-General in Council under section 2, *sub-section* (3) of the Epidemic Diseases Act, 1897, as applied to the Civil and Military Station of Bangalore (Notifications of the Government of India, Foreign Department Nos. 443 I. A and 444 I. A., dated the 4th instant and No. 567 I. A., dated the 12th instant) is pleased to prescribe the following temporary regulations.

I. Every passenger train coming from outside the Mysore State to any of the stations to which these rules may be declared by the Resident to be applicable, shall be stopped at such station and shall not be taken further until the inspection provided by these rules has been carried out and until the Guard in charge of such train has obtained a certificate from the Inspecting Officer at such station to the effect that all persons proceeding further by the said train, whether railway servants or passengers, are free from bubonic plague.

II. Every such train shall be emptied for the inspection of the passengers in such manner as the Inspecting Officer on duty may direct, and all such facilities shall be afforded by the servants of the Railway Company as the Inspecting Officer on duty may deem to be necessary for the purpose of inspecting

(*a*) persons who have come by such train, whether they intend to proceed by it or not, and

(*b*) persons who intend to start from any of the said stations and to travel by such train.

In particular the doors of all railway carriages shall be locked at the station t which the train last stops before arrival at the station appointed for the inspecon of passengers under these rules.

III. The Resident in Mysore may appoint any person or persons, by name or by virtue of office, to be the Inspecting Officer or Officers for the purposes of these rules, and may cancel any such appointment.

IV. Inspecting Officers appointed under these rules are empowered to examine all persons arriving by or intending to leave by the trains mentioned, and to detain persons suffering or suspected by them to be suffering from bubonic plague in such places as may be appointed for the accommodation of such persons respectively.

V. Inspecting Officers appointed under these rules may demand of any person travelling in the trains mentioned, his name, his usual abode and particulars of the places in which he has resided, or which he has visited during the preceding 15 days, and also the address to which he is about to proceed, and any other particulars which the Inspecting Officers may think fit in view of satisfying themselves as to the likelihood of the said persons spreading the infection of the plague. A person so interrogated shall be bound to answer truly to the best of his knowledge and belief all such questions and enquiries.

VI. If any such person is found to have, within the preceding ten days, been within a part of India believed by the Inspecting Officer to be infected by the plague, and is unable to satisfy such officer that he is proceeding to any fixed place of residence, such officer may remove him or cause him to be removed to a place provided under Rule IV, and may there cause him to be detained for ten days, when, if he is certified free from the infection of the plague, he shall be permitted to depart therefrom.

VII. The Police shall act under the orders given by the Inspecting Officer on duty under these rules with regard to compelling persons to submit to such arrangement as may be made by the said officer for the purpose of inspection, and with regard to the detention and segregation of persons suffering or suspected to be suffering from bubonic plague.

VIII. Any person disobeying any of these rules or any orders issued thereunder by the Inspecting Officer shall be deemed to have committed an offence punishable under Section 188 of the Indian Penal Code, and shall be liable on conviction to be punished with imprisonment of either description for a term which may extend to 6 months, or with fine which may extend to one thousand rupees, or with both.

No. 341, *dated, Camp Mysore, 9th March* 1897.

Regulations under the Epidemic Diseases Regulation, 1897, *for the Cities of Bangalore and Mysore.*

Whereas certain parts of India are visited by, and the Territories of Mysore are threatened with, an outbreak of a dangerous epidemic disease known as the bubonic plague, and whereas the ordinary provisions of the law in force in those territories are insufficient for the purpose of preventing the outbreak or spread of the disease, the Government of Mysore, in exercise of the powers vested in them under Section 2 of the Mysore Epidemic Diseases Regulation, 1897, are pleased to prescribe the following temporary regulations to be observed in the Cities of Bangalore and Mysore :—

1. These regulations shall come into force at once and shall remain in operation until such time as they shall be withdrawn by a Notification in the *Mysore Gazette.*

2. Every house-holder who becomes cognizant of any case of the bubonic plague or of fever with glandular swellings in his house or in any other private dwelling within the Municipal limits of the Cities of Bangalore and Mysore, shall be bound to give information of the same to the President of the Municipal Commission, or to a Medical Officer deputed by the Senior Surgeon, or in the absence of any such Officer, to the Surgeon of the District, or to the Sanitary Inspector of the Municipality, with the least practicable delay.

3. The President of the Municipal Commission or any Officer generally or specially authorized by him in writing in this behalf, may, when he considers necessary, enter upon any premises at any time during daylight and summarily execute any work required under, or summarily abate any of the nuisances described or indicated in, Sections 108, 104, 133, 134 and 169 of the Municipal Regulations for the Cities of Bangalore and Mysore.

4. When in the opinion of the President of the Municipal Commission and of a Medical Officer deputed by the Senior Surgeon or, in the absence of any such Officer, of the Surgeon of the District, the further occupation of any building or place is, by reason of such building or place or the immediate surroundings thereof being infected with plague, likely to lead to the spread of the disease, the President or any Officer generally or specially authorized by him in writing in this behalf may summarily cause such building or place to be vacated and thoroughly cleansed and disinfected; and such building or place shall not be re-occupied until in the opinion of the President and of the Medical Officer aforesaid or, in the absence of such Officer, of the Surgeon of the District, it is safe to be re-occupied; and the owner or occupier or the tenants or the inmates thereof shall not be entitled to claim any compensation on account of anything done under this regulation.

5. If, in the opinion of the President of the Municipal Commission and of a Medical Officer deputed by the Senior Surgeon, or, in the absence of any such Officer, of the Surgeon of the District, the destruction of any hut or shed is necessary to prevent the spread of the plague, the President or any Officer generally or specially authorized by him in writing in this behalf, may summarily take measures for the destruction of such hut or shed and of the materials of which it is constructed; and the President may, in his discretion, give such compensation as appears to him reasonable from the Municipal Funds for any loss or damage caused by reason of such destruction.

6. The Municipal Commissioners shall provide and maintain such suitable and sufficient accommodation, whether within or without the Municipal limits, as may be approved by a Medical Officer deputed by the Senior Surgeon or, in the absence of any such Officer, by the Surgeon of the District, for the isolation and treatment of persons suffering from or suspected to be suffering from the plague, and for their detention until they shall be certified to be free from infection. In the places so provided, the Municipal Commissioners shall furnish such hospital establishments, equipment and supplies as the Medical Officer aforesaid or, in the absence of any such Officer, the Surgeon of the District, may require; they shall also make arrangements for feeding persons detained under any of the regulations now prescribed, on payment by them of the cost, except in the case of indigent persons who shall be supplied with food free of charge; provided that any person so detained may cater for himself subject to such rules and conditions as the Medical Officer aforesaid or, in the absence of any such Officer, the Surgeon of the District, may prescribe. The Municipal Commissioners shall also, in like manner and subject to like approval, provide accommodation for persons who may be required to vacate any building or ground under regulation No. 4 and who may be unable to procure necessary accommodation for themselves.

7. Any building or place, whether within or without Municipal limits, which is, in the opinion of a Medical Officer deputed by the Senior Surgeon or, in the absence of any such Officer, of the Surgeon of the District, suitable and required for the purpose of the accommodation to be provided under regulation 6, may be entered upon and occupied by the Municipal Commissioners (if untenanted, without any notice whatsoever, and if tenanted, after twenty-four hours' notice in writing conspicuously posted on such building or place) and used for the purposes of the accommodation under regulation 6 as aforesaid; and the owner or the lessee of such building or place shall not be entitled to claim from the Municipal Commissioners anything beyond a reasonable rent for the period during which such building or place may remain in their occupation; provided that the Municipal Commissioners shall be bound at their own cost, to cleanse and disinfect the said building or place and, if a building, to limewash it both internally and externally before vacating it.

8. When in any building or place there is a person suffering or suspected to be suffering from the bubonic plague, the President or any Officer generally or specially authorized by him in writing in this behalf may enter and either—

(*a*) remove him to one of the places of accommodation provided under regulation 6, and there detain and treat him until he shall be certified by the Medical Officer in charge of the place to be free from infection, or

(*b*) take measures for segregating and isolating the said person in his own house or in some other suitable place, if in the opinion of a Medical Officer deputed by the Senior Surgeon or, in the absence of any such Officer, of the Surgeon of the District, the said person can be there treated with no greater risk of spreading the infection than would arise if he were removed to a place provided under regulation 6.

9. The provisions of these regulations are not intended to, and shall not operate to, limit in any way any power which the President may possess, independently of the powers hereby conferred.

10 Any person disobeying or contravening any of the foregoing regulations shall be deemed to have committed an offence punishable under Section 188 of the Indian Penal Code, and shall be laible on conviction to be punished with imprisonment of either description for a term which may extend to six months or with fine which may extend to one thousand rupees or with both.

No. 342, *dated Camp Mysore, 9th March* 1897.

Regulations under the Epidemic Diseases Regulation, 1897, for Municipalities other than those of the Cities of Bangalore and Mysore, and for towns and villages.

Whereas certain parts of India are visited by, and the Territories of Mysore are threatened with, an outbreak of a dangerous epidemic disease known as the bubonic plague, and whereas the ordinary provisions of the law in force in those territories are insufficient for the purpose of preventing the outbreak or spread of the disease, the Government of Mysore in exercise of the powers vested in them under Section 2 of the Epidemic Diseases Regulation, 1897, are pleased to prescribe the following temporary regulations to be observed in the several municipalities other than those of the Bangalore and Mysore Cities and in other towns and villages in the said territories:—

Except regulations Nos. 1, 6, 8 and 9 herein, which shall come into force at once, the following regulations shall take effect in any municipality, town or village from the date on which the Deputy Commissioner may apply the same, by notification in the *Mysore Gazette*, and to the extent to which he may determine.

1. In every municipality and every town or village, every house-holder and every medical practitioner practising therein who becomes cognizant of any case of bubonic plague or fever with glandular swellings in his house or in any other private dwelling within the limits of the municipality, town or village, shall be bound to give information of the same with the least practicable delay, in a municipality, to the Vice-President of the Municipal Board and the medical officer in charge of the Government dispensary or hospital, and in a town or village not being a municipality, to the medical officer of the Government dispensary, if any, and to the officer in charge of the nearest police station who shall report at once to the nearest Magistrate. The Vice-President or Magistrate, as the case may be, shall forthwith send information to the Deputy Commissioner of the District of the occurrence of any such case.

2. On the requisition of the Deputy Commissioner and to the extent to which he may determine, a Municipal Board or a Local Fund Board, if it has not already made the provision, shall provide and maintain in such localities, which in the case of a municipality may be within or without the municipal limits, as in the opinion of the District Medical Officer, or of a medical officer deputed by him, may be proper for the purpose, suitable and sufficient accommodation to the satisfaction of such medical officer, for the isolation and treatment of persons suffering or suspected to be suffering from the plague, and also accommodation for their detention until they shall be certified by the medical officer in charge to be free from infection. In the places so provided, the Municipal Board or the Local Fund Board, as the case may be, shall furnish such hospital establishments, equipment and supplies as the Deputy Commissioner may determine, and shall also make arrangements for feeding persons detained under the powers conferred by any of the regulations made under the Epidemic Diseases Regulation, 1897, on payment by them of the cost, but in the case of indigent persons the Municipal Board or the Local Fund Board, as the case may be, shall supply them with food free of charge; provided that any person so detained may cater for himself subject to such rules and conditions as the medical officer in charge may prescribe. The Municipal Board or Local Fund Board, as the case may be, shall, on like requisition and in like manner and subject to like approval, provide accommodation for persons who may be required to vacate any building or ground under the regulations set out below, numbered 4 and 5, and who may be unable to procure necessary accommodation for themselves.

3. When in any building or place within a municipality, town or village there is a person suffering or suspected to be suffering from the bubonic plague, the Deputy Commissioner or any officer appointed by him generally or specially in this behalf may enter and either—

(*a*) remove him to one of the places of accommodation provided under the preceding regulation 2 and there detain and treat him until he shall be certified by the Medical Officer in charge to be free from infection, or

(*b*) take measures for segregating and isolating the person in his own house or in some other suitable place, if, in the opinion of the medical officer in charge, the person can be there treated with no greater risk of spreading the infection than if he were removed to a place provided under the preceding regulation 2.

4. Any building or place which is required for, and is, in the opinion of the District Medical Officer or the medical officer deputed by him in this behalf, suitable for, the purpose of the accommodation to be provided under regulation 2, may be entered upon and occupied by the President of the Municipal Board or the President of the Local Fund Board, as the case may be, or by a person deputed by him in this behalf (if untenanted, without any notice whatsoever, and if tenanted, after twenty-four hours' notice in writing conspicuously posted on such building or place) and may be used for the purposes of the accommodation under regulation 2; and the owner or the lessee of such building or place shall not be entitled to anything beyond a reasonable rent for the period during which the building or place may remain in the occupation of the Municipal Board or the Local Fund Board as the case may be; provided that the President of the Municipal Board or the President of the Local Fund Board, as the case may be, shall be bound, at the cost of the municipality or the Local Fund Board, as the case may be, thoroughly to cleanse and disinfect the building or place and, if a building, to whitewash it internally and externally, before vacating it.

5. When in the opinion of a medical officer appointed in this behalf, the further occupation of any building or place is, by reason of such building or place or the immediate surroundings thereof being infected with plague, likely to lead to the spread of the disease, the Deputy Commissioner or an Officer generally or specially authorized by him in writing in this behalf may summarily cause such building or place to be vacated and thoroughly cleansed and disinfected; and the building or place shall not be re-occupied until in the opinion of such medical officer it is safe to be re-occupied; and the owner or the occupier or the tenants or inmates or occupants thereof shall not be entitled to claim any compensation on account of anything done under this regulation.

6. If it shall appear to the Deputy Commissioner or an Officer deputed by him in this behalf that the water in any well, tank or other place is likely, if used for drinking, to engender or to cause the spread of the plague, he may, by public notice, prohibit the removal or use of the said water.

7. If the Deputy Commissioner of the District or an Officer generally or specially authorized by him in writing in this behalf is of opinion that the destruction of any hut or shed is necessary to prevent the spread of the plague, the Deputy Commissioner or such Officer as aforesaid may summarily take measures for the destruction of such hut or shed and the materials of which it is constructed; and the President of the Municipal Board or of the Local Fund Board, as the case may be, may, in his discretion, grant compensation for any loss or damage caused by reason of such destruction, out of the Municipal Fund or the Local Fund, as the case may be.

8. No owner, driver or person in charge of a public conveyance shall carry any person suffering from the plague; nor shall any person suffering from the disease enter a public conveyance.

9. No person shall let a building or part of a building in which he knows, or has reason to know, that a person has been suffering from the plague, without having such building or part thereof and every article therein likely to retain infection, disinfected to the satisfaction of the medical officer appointed in this behalf.

10. The Deputy Commissioner or an Officer generally or specially authorized by him in writing in this behalf may, when he considers necessary, enter upon any premises, whether situated in a municipality or not, at any time during daylight and summarily execute any work required for, or summarily abate any of the nuisances existing with respect to, the following matters:—

(*a*) the cleansing, disinfecting, clearing or otherwise putting in a proper state, of buildings or lands in a filthy or unwholesome state or overgrown with noxious vegetation;

(*b*) the collection, deposit and removal of nightsoil or other offensive matter and the provision and cleansing of latrines and other receptacles for the same:

(*c*) the cleansing, fencing, repairing or filling up of private tanks and wells: and

(*d*) the draining off or removal of stagnant water.

11. Any person disobeying or contravening any of the foregoing regulations shall be deemed to have committed an offence punishable under Section 188 of the Indian Penal Code, and shall be liable on conviction to be punished with imprisonment of either description for a term which may extend to six months or with fine which may extend to one thousand rupees or with both.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

Camp No. 383-94, *dated Mysore,* 13*th March* 1897.

ORDER THEREON.—Ordered that copies of the foregoing Notifications be communicated to the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, the Inspector General of Police, the Deputy Commissioners of Districts and the Presidents of the Bangalore and Mysore City Municipalities for information and guidance and for the issue of necessary instructions to give effect to the regulations prescribed.

2. In giving effect to these regulations which are necessarily of a very general nature, it is hoped that the subordinate officers concerned will act with tact and discretion, causing as little inconvenience as possible to the people. Special care should be taken to prevent the application of these regulations being attended with oppression or needless offence.

Ditto Camp No. 154—164 of 18th February 1897.
Ditto No. 106—117 of 14th February 1897.
Ditto No. 172—5 of 20th February 1897.

(1) Two sheds 30×10 feet each have been erected (with bamboo matting walls) at a short distance from the Yeswantapur Railway Station, in a cool and shady tope; and materials for more hutting kept ready.
(2) There is a good well near, in which enough water is to be had for use.
(3) An Hospital Assistant and a midwife have been detailed by the Senior Surgeon for the inspection of the Bombay trains. At his request, quarters have been provided near the Subbedar's chattram for the above subordinates.
(4) A sum of Rs. 10 has been placed in the hands of the Hospital Assistant for contingencies.
(5) Arrangements have been made to engage caste and other servants whenever required.
(6) The shekdar and patel of the village have been told off to attend to any supplies, &c., which may be required on account of patients by the medical subordinates.

2. The Senior Surgeon inspected the place on the 6th instant and approved of the sheds and the arrangements made.

3. The bill of costs will be rendered in due course.

4. No sheds were erected in Bangalore City for this purpose.

Letter No. 979, dated 10th March 1897, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.

I am directed to forward for the information of the Durbar, a copy of the Madras Command Orders No. 110, dated the 16th February 1897, promulgating a scheme of recruiting for the Regiments of Madras Infantry.

2. At the request of the General Officer Commanding the Bangalore District, I am to ask that, with reference to paragraph 9 of the Orders in question, you will be so good as to issue the necessary instructions to the District Civil authorities to afford the District Recruiting Officer of the Mysore Circle, Lieutenant A. P. How, 17th Madras Infantry, any assistance and co-operation he may require in his efforts to obtain recruits.

3. The Madras Army has, as the Durbar are aware, drawn for many years a large number of recruits from the Mysore State, but heretofore these have been obtained by parties of Regiments working independently on no particular system. As this arrangement has not been found to give satisfactory results the scheme now about to be tried has been devised, and the Resident trusts that every support will be given by the Durbar to make it work successfully.

Extract from Madras Command Orders No. 110, dated 16th February 1897 :—

No. 54—D, DATED CAMP MYSORE, 19TH MARCH 1897.

ORDER.—The returns submitted by the Deputy Commissioners, in compliance with Order No. D 19, dated 17th December 1896, give the information tabulated in the margin, of immigrants into the State in search of employment and of fodder for cattle between 12th December and 6th March. The immigration is chiefly into the districts of Chitaldrug, Kadur and Shimoga. Fully one-half of the immigrants are from the Ceded Districts and about 2,000 people are from Dharwar and Bijapur. A large portion of the immigrants are reported to have proceeded with their cattle to the Malnad tracts in search of fodder. Others have found employment on the Birur-Shimoga Branch Railway under construction by the State and upon the numerous ordinary works now under execution in all parts of the Northern Districts.

2. To meet the increased demand for employment, an expansion of the ordinary programme of works has been sanctioned in the Department of Public Works and sufficient funds have been placed at the disposal of every Deputy Commissioner for works chargeable to Local Funds (District and General) and for works of Miscellaneous Public Improvement. The provision made in these ways is reported to be sufficient to meet the requirements of the present and of the immediate future.

3. The Deputy Commissioners should continue to submit weekly Immigration returns until further orders. They should continue to give their best attention to the provision of sufficient and suitable work for all persons seeking employment.

Letter No. 1781, dated the 24th December 1896, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, requesting sanction to the entertainment, as an experimental measure for one year, of two 1st Class Hospital Assistants, possessing L. M. S. qualifications, as Itinerating Medical Officers for the Mysore and Shimoga districts.

CAMP. No. 508-9, DATED, MYSORE, 23RD MARCH 1897.

ORDER THEREON.—As recommended by the Senior Surgeon, the employment of two 1st Class Hospital Assistants, as Itinerating Medical Officers, is sanctioned tentatively for a year, one of those Officers being attached to the Mysore district and the other to the Shimoga district, their present places being temporarily filled by two new Hospital Assistants of the last class.

2. The pay, allowances, establishment, &c., of each of these Officers are shown in the statement appended.

3. The Senior Surgeon should ascertain the maximum area which one Medical Officer can adequately deal with and employ the two men newly sanctioned in defined suitable parts of the two districts named above. The details of the arrangemets made by him should be reported for the information of Government.

4. During the period of experiment the entire cost will be borne from Provincial Funds, but, should the scheme become permanent, the District Fund Boards concerned will have to bear their quota of the cost.

5. The Senior Surgeon is requested to report in detail at the end of the year on the work done by the Itinerating Medical Officers and the extent of medical relief afforded to the inhabitants of villages in the interior.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Comptroller to the Government of Mysore.

READ AGAIN:—

The Senior Surgeon's letter No. 1847, dated 27th January 1896, which was communicated to the Deputy Commissioners of districts for suggestions thereon in Government Proceedings No. 10647-56—Mis. 1495, dated 16th March 1896.

I have the honor to recommend that the Deputy Commissioners may be directed to submit, at the commencement of each year, a list of all Jatras or Festivals of any importance which are likely to take place in their respective districts during the ensuing year and give at the same time the following particulars:—

(*a*) Date of commencement of the festival, number of days it will occupy, and the approximate number of pilgrims expected.

(*b*) Amount of accommodation available in rented houses or chattrams.

(*c*) How shelter for the number in excess of the accommodating capacity of the place is provided.

(*d*) Whether the local shops are capable of supplying sufficient food supplies and fuel for the pilgrims and others during the festival, and, if not, what measures are proposed to supplement them.

(*e*) Water-supply whether from river, tanks or wells, and whether ample or otherwise.

(*f*) What measures are proposed to be adopted to prevent the pollution, by means of bathing, washing, or other means, of the water used for drinking and cooking purposes.

(*g*) Whether latrines are provided, and, if they are, what means are adopted to keep them clean and fit for use and to compel the people to resort to them.

(*h*) A brief sanitary history of the place, stating whether or not cholera or other communicable disease prevailed epidemically during or immediately subsequent to any previous festival.

(*i*) Whether the presence of a medical man is considered necessary during the festival, and, if so, from what date, and what accommodation can be provided for him, both for his personal comfort and to enable him to efficiently treat the sick.

2. In my opinion, it would be most desirable that the above recommendation should be carried out, as it would place the Deputy Commissioners in possession of timely and detailed information regarding the condition of the towns and villages in which festivals would be held during the ensuing year, in respect to their accommodating capacities, water-supply and general sanitation, and enable these officers to take measures to protect, as far as possible, the inhabitants, visitors, and people of the surrounding country, through which these latter pass to and fro, from, if not the introduction, at all events the spread of epidemic disease.

3. At present, there seems to be no organized system in these respects, a few elementary wants are attended to, an Hospital Assistant is hurriedly summoned to attend during the festival to treat the sick, exercise a general supervision over things as he finds them on arrival, and the rest is left very much to chance.

4. I forward herewith a report by the Hospital Assistant at Nelamangala of the recent festival at Sivaganga, from which it will be observed that the number of pilgrims was estimated, at about 4,000, and that the village contains 150 houses which are let at a very high rent during the festival. These houses were not, I presume, entirely vacated by the owners, as they or at all events the majority of them, would have no other place to live in, if they were. The presumption is that they and their families continued to occupy them, and only let portions of them, and if this be so, only a moderate proportion of the 4,000 visitors can have had house shelters and reasonable convenience for cooking, &c., and the rest had, as the report states, to seek shelter in the stone mantapams, under their carts, or beneath the trees.

5. It is well known in the history of cholera that those whose vitality is lowered from unwholesome or insufficient food, exposure, or insanitary surroundings are the ready recipients of the disease, and are, as a natural consequence, potent agents in spreading it, and hence in these large gatherings, where house and cooking accommodation cannot be provided for all, extra care is necessary to put the place in a good sanitary condition beforehand, and maintain it so during the festival, and prevent water contamination and surface pollution as much as possible.

Enclosure to the above.

Letter No. 73, dated 24th January 1896, from the Hospital Assistant, Nelamangala, to the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

With reference to your letter No. 1726, dated 16th January 1896, about the Sivaganga festival, I beg to state that it is impossible to state the exact number of the pilgrims that attended the said festival.

I estimated the number of the pilgrims as a little over 4,000. Sivaganga is a village situated just at the foot of the hill which is about 4,559 feet above the sea level. The village contains about 150 houses bordering the sides of the only principal street that is about 2 furlongs in length. These houses are inhabited mostly by non-brahmins who let them out at a very high rent during the festival for those who could afford to do so. The other poor pilgrims rest themselves in stone mantapams that are erected out of piety by the devotees of the God Siva.

Some even rest themselves at night between the wheels and beneath the carriages that conveyed them there. Others make themselves at home beneath the tall and broad shadowy trees that dot the adjoining plains here and there.

Police Constables were placed at the principal sacred tanks and ponds that are used for bathing purposes, and no water was allowed out of these for culinary and drinking purposes.

The refuse of the village and those of the pilgrims were duly and systematically removed by the Municipal scavengers who are kept ready for the purpose. The other hygienic precautions were also duly attended to.

APPENDIX.

Rules in force in the Madras Presidency for the supervision of Fairs and Festivals.

The following rules are drawn up for the special guidance of Magistrates and others who may be entrusted with the supervision of large assemblages of persons at fairs and festivals:—

Accommodation.—Make suitable provision for the probable number of persons who may not be able to find accommodation in adjacent towns and villages as follows:—

G. O. No. 1421 of 17th November 1868. P. D.

(1) Select level and lay out suitable encamping grounds, bearing in mind the principal requirements of elevation, proximity to place of concourse, sufficiency of a pure water-supply, dry, clean and untainted soil, and direction of prevailing winds.

(2) Lay out this ground in divisions or sections, separated by streets not less than 40 feet wide, and when space permits, with subsidiary streets 20 feet wide.

(3) Erect upon these sites temporary sheds or huts for the accommodation of those who may require them.

(4) Leave space to leeward of each section for the carts and cattle of the people occupying each section.

(5) As far as possible, assign sections to different castes, indicating each by a legible sign-board.

Conservancy.—Erect suitable latrines for males and females in number sufficient to meet the requirements of the crowd.

(2) Establish separate pits for the burial of (*a*) rubbish and (*b*) filth.

(3) Organise a conservancy establishment, according to requirements, for the following purposes:—

(*a*) The removal daily of all rubbish and refuse, including the dung of cattle from the streets, both of the town and camp, and from the encamping ground generally.

(*b*) The removal of all human excreta from the public latrines and from residences within the town.

(*c*) The disposal of the same in the filth pits.

(1) *Water.*—Select suitable but distinct tanks, wells, reservoirs or other sources of water-supply :—

(*a*) For drinking and domestic purposes.

(*b*) For bathing.

(*c*) For watering cattle.

(2) Place a Police guard over the source of supply selected for drinking to guard it from contamination.

(1) *Medical Supervision.*—Appoint as Sanitary Officer a medical or subordinate medical officer, whose duty it shall be to superintend the sanitary arrangements generally, to visit the hospital and places for distribution of medicines, to make himself acquainted with the medical history of the assemblages, as far as possible, from day to day, keeping a return of all deaths reported through the Police.

(2) Establish temporary hospitals, with suitable establishments, at convenient sites, and in number proportionate to the assembly.

(3) Depute medical subordinates to examine at the barriers all travellers coming or departing, who may appear to be laboring under sickness.

(4) Distribute, through suitable agency and at selected localities, "cholera pills," for immediate use by persons attacked with cholera.

(1) *Precautions against accidents.*—Assign gates for ingress and egress into each town, temple or shrine in cases in which numbers are considerable and where instances of loss of life have occurred from want of due arrangements of this nature.

(2) Erect barriers, where necessary, to prevent the undue influx of people into limited areas fully occupied by devotees, admitting fresh worshippers only as members decrease by egress from the opposite barrier gate.

(1) *Police (Sanitary).*—The Officer of the Police to be instructed to bring to the notice of the Sanitary Officer all deaths occurring within the limits of the camp or town.

(2) Publicity to be given, through the Police, to the fact that hospitals are established and depôts opened, for the distribution of the cholera medicines.

(3) Notices to this effect to be posted in the vernacular all over the camp and town, and pilgrims, or those frequenting fairs, to be instructed to apply for such medicines on the first occurrence of illness.

(4) Notice of the arrangements made for the general convenience of the people to be also freely distributed amongst them and posted upon all conspicuous places.

(1) *Construction of Latrines.*—Latrines to consist of walled enclosures in which parallel trenches should be dug two feet wide by three feet deep. The soil removed from these trenches to be stored at their edges, and a portion daily shovelled in to cover the night soil.

(2) At the termination of the feast, these trenches should be fully covered in.

(1) *General precautions.*—Prior to feasts and festivals, chattrams, choultries and grounds generally resorted to by pilgrims as camping or halting grounds to be put by district authorities into a good sanitary condition and provision made for a pure water-supply. The same to be maintained in a good sanitary state till after the dispersion of the pilgrims.

(2) At the termination of the feast or festival, should cholera have prevailed amongst the people, the halting grounds to be ploughed up and chattrams and choultries fumigated and whitewashed.

Letter No. 3634—864, dated 19th March 1897, from the Deputy Commissioner, Kolar, district.

Adverting to Government Proceedings, Camp No. 374, dated 12th instant, forwarding copy of the Regulations passed under the Epidemic Diseases Regulation, 1897, I have the honor to report that in order to secure the effectual protection of the Gold Fields and the town of Bowringpet from the Bubonic plague, I have issued a notification extending the Regulations to the Municipality of Bowringpet and to villages in and around the Gold Fields, and sent the notification for publication in the *Mysore Gazette*; a copy of the same is submitted herewith for information. The villages therein named lie within a radius of 3½ miles from the Gold Fields, and contain encampments of coolies working in the mines. Their sanitation has therefore to be carefully watched in the interests of the mining industry.

2. As regards the question of funds required, I beg to state that I can manage for the present with the grant of Rs. 2,000 already sanctioned by Government in Proceedings, Camp No. 121-33, dated 16th ultimo, for improving the sanitary condition of the villages and encampments in the vicinity of the Gold Fields. If any additional allotment is hereafter found necessary I shall apply for the same in due course.

READ THE FOLLOWING CORRESPONDENCE :—

(1) Letter No. 489—449, dated 15th December 1896, from the Deputy Commissioner of the Chitaldrug district.

I have the honor to solicit the sanction of Government to write off the revenue due to Government from hulbanni in the Molakalmuru and Challakere taluks and in the Dharmapur hobli of the Hiriyur taluk.

2. These parts were most affected by the failure of rains in September and October and the rain that fell in the third week of November was not so heavy here as it was in the other parts of the district. The consequence has been that the raiyats of these parts have not derived any benefit from the unoccupied lands left at their disposal.

The following letter No. 740, dated 3rd March 1897, from the Deputy Commissioner, Tumkur district.

With reference to Government Order No. 35—D of the 1st February 1897, calling for the submission of a statement showing the progress of expenditure upon village sanitation and drinking water wells, and enquiring if more funds are needed for similar works during the present season, I have the honor to state that estimates for 59 wells at a cost of Rs. 9,859 have, up to date, been sanctioned out of the grant of Rs. 10,000, made in Government Order No. 4—D, dated the 13th November 1896. In addition to these, provisional sanction has been accorded to 111 wells as shown in the accompanying list on the representation of the Amildars concerned and regular estimates have been called for. These wells are estimated to cost about Rs. 19,200 in round figures. To meet the cost of these wells, I beg that a further allotment of Rs. 19,000 may be sanctioned from Local Funds General as early as possible.

2. The sum of Rs. 2,000 sanctioned for expenditure on village sanitation in Proceedings No. 4—D, dated 13th November 1896, has been distributed between the several taluks of this district as shown in the margin and estimates for the required works have been called for.

No. 60—D, DATED, CAMP MYSORE, 26TH MARCH 1897.

ORDER THEREON.—In the Proceedings of Government No. 35—D, dated 1st February 1897, information was requested as to the progress of expenditure upon urgent works such as village sanitation, drinking water wells, &c., for the execution of which a grant of Rs. 12,000 was sanctioned from Local Funds General in Proceedings No. 4—D, dated 13th November 1896. In the Deputy Commissioner's reply read above, the information thus called for has not been submitted. If, however, the money already sanctioned is being properly spent, and on the understanding that the Deputy Commissioner is prepared to cause work to be commenced on the 111 additional wells now proposed, a further grant of Rs. 10,000 is sanctioned for expenditure on the same in the current year from Local Funds General.

CAMP No. 551—4, DATED MYSORE, 26TH MARCH 1897.

ORDER.—Suitable arrangements have now to be made for the due maintenance and conservancy of the Chamarajendra Reservoir and the delivery channel therefrom to the Durbar Pumping Station. An efficient establishment, with a clear definition of the duties of each member of it, has to be entertained for this purpose and before deciding upon the strength and other details of this establishment, it is necessary to ascertain what portions of the present village establishments of Hessarghatta, Kakol, Byata and other neighbouring villages can be utilised for duty in connection with the Chamarajendra Reservoir. The Deputy Commissioner of the Bangalore District is accordingly requested to submit to the Government in the General and Public Works Departments simultaneously, any suggestions he may wish to offer in the matter together with a statement (in the accompanying form) of the staff of village officers and servants of the villages above referred to.

As wet cultivation under tanks comprised in the water-supply system has been abolished, the normal work of the village officers and servants have in all cases been greatly reduced and in the case of Nirgantis, it has altogether ceased. Under such circumstances new duties in connection with the Chamarajendra Reservoir can readily be assigned to all members of the village service of the villages concerned. What these duties should be in the case of each officer or servant and what additional remuneration, if any, is required for each individual are questions which should engage the careful consideration of the Deputy Commissioner, whose report should contain a full statement of his recommendations upon these points, together with his opinion as to any new establishment required

It would be desirable, if feasible, to include under "Maintenance and Conservancy" any planting to be carried out around the water-spread and feeders.

(1) The following letter from the Government of India in the Public Works Department, received with letter No. 493, dated the 6th February 1897, from the 1st Assistant to the Resident in Mysore:—

Letter No. 38 R. T., dated Calcutta, the 14th January 1897, from G. A. Anderson, Esq., Under-Secretary to the Government of India, P. W. D., Railway Traffic—to the Joint Secretary to the Government of Madras, Public Works Department, Railway Branch; the Secretary to the Government of Bombay, Public Works Department, Railway Branch; the Secretary to the Government of Bengal, Public Works Department; the Chief Commissioners of Burma and Assam; the Resident at Hyderabad; the Agent to the Governor General for Rajputana; the Director General of Railways; the Consulting Engineers to the Government of India for Railways, Calcutta, Lucknow and Assam.

Having regard to the prevailing scarcity in India and the desirability of promoting the import of food grains into the distressed tracts, it has been suggested that one of the methods by which Government can properly help the mercantile community to gauge the demand and supply of food stocks is to assist them in verifying the facts upon which their action must depend, by placing freely, fully and promptly at the disposal of the public all the information available, and for this purpose nothing is of greater importance than full information regarding the movement of food grains between different parts of the country.

With this object it has been decided that returns giving the latest information available regarding the movements of food grains and pulses into and out of the different civil districts in India shall be published by the Director General of Statistics on telegraphic returns to be furnished by the civil district officers.

2. In order to obtain the latest possible information, it has been suggested that each district officer should be supplied every Monday morning, from every railway station situated in his district, with a statement showing the number of standard maunds of food grains and pulses which have—

(i) arrived at the station *from places outside the district*, and

(ii) left the station *for places outside the district*

during the week ending with the previous Saturday.

As a convenient arrangement, it has been suggested that Collectors or other officers in charge of districts should distribute, direct to the station masters of railway stations within their districts, service post cards containing the form (of which a copy is attached) in which the information should be given. The district officer should fill in the limits of the district which may be unknown to the station master concerned before the post cards are sent out and provision has been made on the form for this being done.

3. As railways will directly benefit by the movement of food grains which it is thus desired to stimulate, I am to request that the administrations of all state railways worked directly by Government will arrange for the desired information to be supplied to Collectors or other officers in charge of districts, on receipt of the post cards referred to, particular attention being called to the fact that movements of grain *within* each district should be carefully excluded from the returns, and to state that the Government of India trust that the administrations of all other railways will agree to adopt the same procedure.

(Enclosure to above.)

To be filled in and despatched to the Collector of the district by the first post on the Sunday following the week to which it refers.

(3) Letter No. 1129, dated 17th March 1897, from the 1st Assistant to the Resident in Mysore, intimating that the Post Master General has issued instructions to all postal officials in the Mysore State to the effect that communications franked "On Mysore Government Service" and posted by station masters of the railway lines to the address of district officers furnishing information regarding the movement of food grains, should be passed free and not taxed with any postage.

(4) Letter No. 1252, dated 24th March 1897, from the 1st Assistant to the Resident in Mysore, stating that the authorities of the Southern Mahratta Railway Company and the Madras Railway Company have issued the necessary instructions to their respective station masters in the matter of furnishing the Deputy Commissioners of districts with statistics as regards the movement of food grains between different parts of the country.

No. 62—D, DATED, MYSORE, 29TH MARCH 1897.

ORDER THEREON.—In communicating the correspondence read above to the Deputy Commissioners of districts, Government direct that satisfactory arrangements be at once made by them to distribute to the station masters concerned service post cards in the form prescribed, after filling in the limits of districts, to obtain the latest information from them every week on the day fixed and to compile such information and submit the same to the Secretary to Government in the Revenue and General Departments with the least practicable delay.

EDUCATION.

Proceedings of the Government of Mysore,

READ :—

Letter No. 7331—336, dated the 11th March 1897, from the Inspector General of Education in Mysore, submitting a list of officers in the Education Department drawing a salary of Rs. 100 and upwards and recommending that they be treated as gazetted officers whose appointments, promotions, transfers, &c., should be notified in the *Gazette*.

No. 10791-824—ED. 328, DATED, MYSORE, 31ST MARCH 1897.

ORDER THEREON.—Government observe that all officers whose appointments, &c., are notified in the *Gazette* are not necessarily "gazetted officers." The expression "gazetted officers" has not been defined either in the British or in the Mysore Service Regulations, but practically all officers of the 1st class, that is, officers entitled to 1st class travelling allowances, are regarded as "gazetted officers."

2. Government are of opinion that, whether "gazetted officers" or not, all officers whose appointments, removals, &c., rest with Government, should have every important event in the history of their services duly notified in the official Gazette. The practice in this respect in other departments of the State should, in the opinion of Government, be followed also in the case of officers of the Education Department. To this extent, therefore, the recommendation of the Inspector General will be acceded to.

JUDICIAL.

Proceedings of the Government of Mysore,

READ :—

Letter No. 2384—284, dated 19th January 1897, from the Inspector General of Police, submitting proposals for increasing the Police Force in the Kolar Gold Fields.

C. No. 375-6—EN. 2, DATED, CAMP MYSORE, 12TH MARCH 1897.

ORDER THEREON.—The Inspector General of Police brings to notice that crime is on the increase in the Kolar Gold Fields, and assaults, burglaries and daring highway robberies have of late been of common occurrence, and that the small police force employed at the Fields requires considerable strengthening. He thinks also that the Bowringpet taluk should likewise receive some addition to its police force with the view of helping the Gold Fields police in keeping watch over receivers of stolen property and over the movements of suspicious characters.

2. Exclusive of the recommendation to have two Inspectors and four Chief Constables in the place of the corresponding establishment now in existence, regarding which separate orders will be passed, the Inspector General's proposals for strengthening the Police Force in question compare with the existing force as shown below :—

	Present strength.		Proposed strength.	
	No.	Cost.	No.	Cost.
		Rs.		Rs.

Kolar Police Superintendent's office ...	...	...	6	101
Bowringpet Taluk	40	302	49	372
Total ...	100	1,003	150	1,679

3. The proposals seem to have been well considered and Government are pleased to sanction the same as per details given in the accompanying statement, the additional cost involved being Rs. 676 per mensem.

4. The Inspector General's request that provision be made for the following items of expenditure being incurred by the Police Superintendent at the Gold Fields is also sanctioned :—

	Rs.
Office contingencies and printing charges at Rs. 10 per mensem ...	120
Secret service	200
Cart-hire for Superintendent of Police	75
Reward for good service	100
Cost per annum ...	495

5. The actual cost incurred during the remaining portion of the current year under the sanction now conveyed will be met from savings in the Police budget, and the Comptroller will be requested to make provision for the charge in future budget estimates.

No. 9781-5—L. F. 261-96, DATED, BANGALORE, 2ND MARCH 1897.

RECEIPTS.

ORDER THEREON.—Including the estimated opening balance of Rs. 8,420 the amount at the disposal of the Board has been entered as Rs. 49,205. This is approved.

EXPENDITURE.

2. *A. Public Works to be executed by the Public Works Department.*—Under "I. Original works" the only new work for which provision has been made is the construction of a tunnel on the Holalkere-Hosdurga road costing Rs. 1,000, while under "II, Repairs" an increase of Rs. 392 has been provided for the purposes noted in the margin. These provisions are passed.

	Rs.
(1) Two miles of Chitaldrug road opened by Revenue Department and made over for maintenance by Public Works Department	120
(2) Repairs of 3rd class travellers' bangalos, Rs. 1,100 is provided against Rs. 828 sanctioned for 1896-97	272
	392

3. It is observed that in the statement of details (Enclosure C) the total amount sanctioned for 1896-97 has been erroneously entered as Rs. 13,280 instead of Rs. 14,108 which is the correct figure according to the consolidated budget. The necessary correction has accordingly been made in this office.

4. *B. Public Works to be executed by the Revenue Department.*—No details have been furnished for the provision of Rs. 4,250 made under this head. It is however stated that this amount is intended to meet the cost partly of sinking wells wherever urgently required and partly of repairing certain musafirkhanas which are in a dilapidated condition. The provision is passed subject to the submission of estimates in cases exceeding the Deputy Commissioner's powers of sanction.

5. *Civil Charges, III Hospitals and Dispensaries and IV Midwives.*—The increases shown against these items are due to the enhanced allowance for dieting inpatients in Local Fund dispensaries and to the salary payable to the relieving midwife whose entertainment has already been sanctioned by Government.

6. *VI Conservancy and sanitary Charges.*—The small sum of Rs. 2,500 provided for the conservancy of rural parts is passed.

7. *IX Contribution.*—The provision of Rs. 2,000 entered against this item is on account of the District Fund quota of the cost of constructing a new dispensary at Hiriyur and of repairing the dispensaries at Molakalmuru and Jagalur.

8. The other items call for no remark and are approved.

9. The District Fund budget estimates of the Chitaldrug circle for 1897-98 as sanctioned by Government are shown in the accompanying appendices, of which an abstract is given below :—

			Rs.
1.	Opening balance		8,420

Letter from the Comptroller, No. 1852, dated 10th March 1897.

I have the honor to bring to notice that communications received in this office from Districts on matter connected with Municipal and District Funds are issued in some districts under the designation of "Deputy Commissioner" and in others under that of "President of the Boards," and to suggest, in order to secure uniformity, that Government will be pleased to instruct all Deputy Commissioners of districts to issue all such communications to this office under the designation of "President of the Municipal or District Fund Boards" as the case may be.

A separate branch for the audit and compilation of all Local Fund accounts is maintained in this office with independent registers for records, correspondence, &c., and letters and other communications as at present received under different designations from different districts get mixed up with those of the other branches of the office, causing delay and confusion in their disposal.

No. 10572-604—L. F. 293-96, DATED, BANGALORE, 26TH MARCH 1897.

ORDER THEREON.—The letter read above will be communicated to Deputy Commissioners for information and guidance, with the observation that all correspondence and papers relating to Local Fund and Municipal matters sent to Government and to all offices and departments under Government should be similarly dealt with.

Letter No 608, dated 31st December 1896, from the Deputy Commissioner of the Hassan district, requesting sanction for the payment of Rs. 2 a month to the Taluk Gumasta for doing municipal work in the Holé-Narsipur taluk, as no additional hand has been employed in that taluk, out of Rs. 1,260 sanctioned in Proceedings No. 16928-36—3668, dated 6th April 1894.

No. 9969—L. F. 288-96, DATED, BANGALORE, 6TH MARCH 1897.

ORDER THEREON.—The attention of the Deputy Commissioner is invited to Government Proceedings No. 10520—L. F. 397-92, dated 24th December 1894, with the observation that the grant of extra remuneration or allowance to a Taluk Gumasta for municipal work is objectionable, and cannot, therefore, be sanctioned. If the municipal work is considered heavy and for its proper performance a separate hand is deemed absolutely necessary, the Deputy Commissioner may apply for sanction for the entertainment of an extra hand, thereby relieving the Taluk Gumasta altogether of municipal work.

Correspondence ending with letter No. 350, dated 28th January 1897, from the President of the Mysore City Municipality, requesting the orders of Government for the establishment of a dispensary at Nazarbadmohalla, Mysore City.

No. 10313-7—L. F. 138-92, DATED, BANGALORE, 17TH MARCH 1897.

ORDER THEREON.—The opening of a dispensary at Nazarbadmohalla is sanctioned. The cost of the menial establishments, contingencies, &c., of which details should be submitted, will be borne by the District Fund Board of the Mysore circle and the Mysore City Municipal Board in the usual proportions. Provision should be made for the same in the next year's budgets. The cost of maintaining the dispensary during the few remaining months of the current year will be met from the general savings of the budgets of the above Boards.

2. The correspondence does not show the place in which the dispensary above sanctioned is to be located. If there be no Government building available, a private house should at once be rented and arrangements made for providing the necessary furniture.

The following demand, collection and balance statements of the several districts of the province for the three months ending 30th September 1896.

No. 10 Local cess.
No. 11 Irrigation cess.
No. 12 District Fund.

No. 7690-98—R. 2575, DATED, BANGALORE, 4TH MARCH 1897.

ORDER THEREON.—The following statement shows the demand, collection and balance under the heads "Local cess," "Irrigation cess" and "District Fund" in the several districts of the province for the three months ending 30th September 1896 as compared with the figures for the corresponding period of the past year.

2. *Local Cess.*—There was a decrease of Rs. 12,492 in the total demand, of which Rs. 11,121 was due to the reduction in the opening balance at the beginning of the year and the remaining, *viz.*, Rs. 1,371 to the net fall in the current demand as shown in the margin.

	Opening balance. Rs.	Current demand. Rs.	Total. Rs.
Last year ...	74,265	54,209	1,28,474
Current year ...	63,144	52,838	1,15,982
Difference ...	11,121	1,371	12,492

3. The percentage of balance in the entire demand has been as follows :—

Districts.	1895-96.	1896-97.
Kolar	60·1	64·4
Mysore	53·5	59·9
Shimoga	53·5	53·6
Hassan	49·8	43·4
Bangalore	35·1	35·9
Kadur	26·4	21·8
Tumkur	4·8	8·5
Chitaldrug	27·6	7·5

The above figures show that the collection work demands special attention in the Kolar and Mysore districts.

4. *Irrigation Cess.*—The decrease of Rs. 2,964 in the total demand is mainly due to arrears at the beginning of the current year 1896-97 being less than those at the commencement of the previous year.

Shimoga,

Demand. For 3 months ending Sept. 1895.		For 3 months ending Sept. 1896
4,340	...	5,313
Difference + 973		
Collections. 456	...	382
Difference — 74		

5. The collections in the Shimoga district exhibit a falling off notwithstanding an increase in the demand for the period under review as shown in the margin.

6. The balances of Rs. 4,931, Rs. 2,505, Rs. 1,593 and Rs. 1,438 remaining still uncollected in the Shimoga, Mysore, Bangalore and Kolar districts, respectively, call for early attention.

7. *District Fund.*—This item calls for no special remark except that the balances of Rs. 1,189, Rs. 850 and Rs. 389 outstanding in the Mysore, Shimoga and Hassan districts should be collected early.

Letter No. 795—666, dated 29th January 1897, from the Deputy Commissioner, Shimoga district, submitting statements of promotions given to officials and of appointments of fresh men made in his district for the quarter ending 31st December 1896.

No. 7712-19—R. 2584, DATED, BANGALORE, 4TH MARCH 1897.

ORDER THEREON.—The appointment of Srinivasa Rao, 1st class Revenue peon, Sagar taluk, as gumasta of the said taluk on Rs. 15 per mensem, does not appear to be quite justifiable, as, for an appointment of Rs. 15, it is not unlikely that candidates qualified by passing the requisite examinations will be forthcoming.

Letter No. (Camp) 5, dated 22nd February 1897, from the Deputy Commissioner, Tumkur district.

I have the honor to report that some applications have been received in the Pavagada and Maddagiri taluks for advances for deepening or otherwise improving irrigation wells on which a loan has already been advanced under the Rules sanctioned in Notification No. 183, dated 21st July 1891, and beg to be informed whether I may entertain such applications and dispose of them, subject of course to the restrictions and limitations contained in paras 2, 5 and 6 of the said Rules.

2. Para 16 of the Rules provides for the grant of further advances on wells which could not be completed with the original advance, but in the instances which have necessitated this reference, the wells were reported to have been completed with the loan originally made and final loan orders have been issued.

3. It may be noted that the proposed improvement, for which further advance is applied for, does not enhance the irrigating capacity of the well, but is calculated to ensure a better and more permanent supply of water in the well, the area of the land irrigated remaining unchanged. The spring originally tapped has failed in some cases, while in others the well requires to be widened. The unfavorable character of the season has left the owner of the well quite helpless to meet the cost of the improvement. Hence the applications for further advances.

No. 7790-97—R. 2619, DATED, BANGALORE, 7TH MARCH 1897

ORDER THEREON.—It is observed that one of the purposes, mentioned in Section 4 (2) (*a*) of the Land Improvement Loans Regulation IV of 1890, is the construction and repair of wells. A loan for the repair or improvement, either of old wells or of wells constructed from loans already taken, does not seem to be forbidden by the Rules framed under the said Regulation. In the latter case, the second loan may be added on to so much of the first loan as may be outstanding, and a fresh loan order may be issued.

2. Government, therefore, see no objection to the grant of additional loans in the cases referred to by the Deputy Commissioner, subject to the restrictions laid down in the Rules. The Deputy Commissioner should, however, assure himself that the wells are really in need of the additional improvement for which loans have been applied for, and conform to the limitations prescribed by the Rules regarding the maximum amount of loan to be granted in such cases.

Letter No 106—94, dated 3rd August 1896, from the Deputy Commissioner, Chitaldrug District, submitting for orders, a case in which the grant of a duplicate patta to a hissédar of a land registered in another man's name, is recommended by the Amildar of the Chitaldrug taluk, and suggesting that in lieu of a duplicate patta, a receipt in an approved form may be granted to every individual making payment of land revenue, whether on his own account or on behalf of another

2. Docket No 179—159, dated 27th August 1896, from the same officer submitting a simple form of the receipt above referred to.

3. Letter No. 544, dated 25th November 1896, from the Deputy Commissioner, Bangalore District, reporting the practice prevailing in his District regarding the grant of duplicate pattas to persons paying kandayam on behalf of the Khatedar.

No. 7740-48—R. 2602, DATED, BANGALORE, 8TH MARCH 1897.

ORDER THEREON.—Government observe that the term "Khatedar" being the same as "Registered occupant" and "Superior holder," these need not necessarily be the occupants of whole survey numbers. The first column in the "Khetwar Patrik" (Form No. 1 of Appendix A to the Land Revenue Rules) is intended for survey number and the second column for Phoot number or letter. The persons that come under these two heads as occupants, are registered occupants or superior holders. Under Section 142 of the Land Revenue Code, the Registered occupant and the Superior holder are primarily responsible to Government for the land revenue of their lands, and it is only on their failure to pay it, that the amount is recovered from the co-occupants or other persons interested in such lands. It is thus evident that land revenue cannot be recovered from any person other than the registered occupant, so long as he is able and willing to pay and pays the same. If he fails, his consent to others paying the kandayam on his behalf is immaterial, and if he consents, the payer is no more than his agent. This is the real view of how these transactions are regulated.

2. The entry of the transaction of payment and receipt of kandayam is a subordinate matter and must be regulated on the above principles. The consent of the registered occupant to the recovery of the kandayam from others or his failure to pay it himself, must be preliminary to its acceptance from others; and if from the existence of the antecedent cause, *viz.*, the consent of the registered occupant to the receipt of money from others, or his failure to pay it himself, the subsequent entry in the account becomes a matter of necessity, his consent at a later stage, *i. e.*, at the time of making the entry, may be dispensed with. In this view, the exception that payments of kandayam by persons other than the khatedar should not be noted in the patta, if the khatedar objects to such note being made in his patta (*vide* para 4 of remarks on Form No. 4 of Appendix A to the Land Revenue Rules), cannot stand and is moreover opposed, in spirit, to the direction that, "when the payment is made by any person other than the registered khatedar, the particular number of the fields on account of which the payment is made, should be noted" in the Khate. (*Vide* para 4 of the remarks on Form No. 3 of Appendix A to the Land Revenue Rules, page 68).

3. As the entries in Forms Nos. 2, 3 and 4 of Appendix A to the Land Revenue Rules should tally with one another, it is desirable that the receipt of money from any person other than the khatedar should be made known to him to avoid future disputes, and this cannot be done more effectively than by entering this transaction, as it occurs, in the patta (Form No. 4). Under these circumstances, Government are pleased to direct that the clause "unless the pattadar objects to such note being made in his patta" be struck out from para 4 of the remarks on Form No. 4.

4. Government further direct that, as it is inexpedient to give such co-occupants or other persons interested in the occupancy, duplicate copies of patta (Form No. 4), such practice, wherever it exists, should be discontinued. Persons thus interested in the occupancy are only entitled to a receipt for the kandayam they pay, on account of the occupancy, and such receipt is best given as an extract of Form No. 2 (Roz Khirdi). Printed spare copies of Form No. 2 will therefore be supplied to shanbogs for the purpose.

The next question is whether a fee should not be charged for this form. As a fee of three pies is levied on each form of patta, Government consider that it is sufficient if one pie is charged for the extracts from Form No. 2, Appendix A to the Land Revenue Rules. The Deputy Commissioners and the Superintendent of Revenue Survey are requested to give their opinions on this point.

ORDER.—In continuation of Government Proceedings No. 6150-57—R. 2096, dated 9th January 1897, laying down certain instructions in regard to Pahani inspection to be made by Amildars and District and Jamabandi Officers, Government are pleased to prescribe the annexed statement as an enclosure to the Pahani Takhta, Form No. 7, Appendix A. to the Rules under the Land Revenue Code, for the purpose of showing the area of cultivated lands (Government and minor inam) classified according to the propable out-turn of crops when standing thereon and the estimated out-turn of crops after they are harvested. Except when the Deputy Commissioner otherwise directs under Section 10 (*a*) of the Mysore Famine Code, the statement above prescribed should be made to correspond with the two Pahani inspections, which every shanbhog is now required to make. (*Vide* remarks on Village Account, Form No. 7.) The shanbhog should be required to submit this statement to the Amildar, who should cause the particulars therein given to be entered in a special register to be kept for the purpose and return the original to the shanbhog for being filed with the account to which it forms an enclosure. The Amildar should then prepare a complete report from the shanbhogs' returns for the whole taluk and submit the same to the Deputy Commissioner, an abstract statement in the same form showing the talukwar details being submitted by the Deputy Commissioners for the information of Government before the end of April every year. Government desire very much to have the first return in respect of crops harvested in 1896-97.

Remarks on Enclosure to Form No. 7.

1. An abstract like this shall be prepared after the first Pahani in the second fortnight of October, and another after the second Pahani at the end of January, and rendered to the Amildar, to be noted and returned by him to the shanbhog with such remarks as the Amildar may think necessary to make with reference to his own personal observation.

2. It is not necessary to estimate the condition or out-turn of the crop on every field. It is sufficient if the patel and the shanbhog note approximately from their intimate knowledge of the village what the probable out-turn has been or would be on the whole.

3. The out-turn should be given in four divisions only as shown in the form, namely, "20 annas," "16 annas," "8 annas," and "4 annas or less." This would be equal to *Bumper*, *Average*, *Middling* and *Bad*. A *fair average* crop will be represented by 16 annas, and all out-turn above this should be shown under "20 annas," half the average (or middling) will be denoted under "8 annas" and one-quarter of the average or less under "4 annas."

4. For the actual yield per acre of a fair average crop (16 annas) in a fairly good season which should be taken as the data for calculating the figures to be entered in columns 8 and 14, an estimate should be formed once for all under the Deputy Commissioner's orders by the Amildar after some enquiry and due consultation of the village officers. The data thus adopted should be recorded in the register to be maintained in the taluk cutcherry and not altered without the previous sanction of Government.

5. The Taluk and District Officers should endeavour to verify the accuracy of this statement as much as possible by frequent inspections and enquiries.

No. 7965-72—R. 2669, DATED, CAMP MYSORE, 13TH MARCH 1897.

ORDER.—The Weekly Season Reports are sometimes received late and are also submitted along with other returns and papers under cover of a single docket, thus causing much inconvenience in getting the provincial abstract prepared in time and forwarded to the Compiler for publication in the *Gazette*. The Deputy Commissioners are, therefore, specially requested to arrange for the timely submission of these reports in future in a *separate cover* to the address of the "Secretary to the Government of Mysore, Revenue Department, Bangalore," with the words "Season Report" written thereon in red ink. It is hoped that these instructions will be strictly followed in future.

Letter No. 923, dated 6th March 1897, from the First Assistant to the Resident in Mysore.

I am directed to enclose copy of a letter * from the Government of India to the Government of Madras, and, with reference to paragraph 4 thereof, to state that, in modification of the instructions conveyed in this office letter No. 198-18, dated the 2nd February 1886, the price of firewood need no longer be included in the half-monthly return of retail prices of food grains and salt, the column with that heading being omitted in future.

* No 25 P. & W., dated 22nd February 1897.

No. 25 P. & W. Statistical Bureau, Government of India, (Prices and Wages) to the Secretary to the Government of Madras, Revenue Department, Calcutta, the 22nd February 1897.

I have the honor to acknowledge the receipt of your letters Nos. 8 and 3924, dated the 10th January and 1st October 1896, on the subject of the half-monthly return of retail prices of food-grains and salt now prepared in the Madras Presidency for transmission to the Government of India.

The Government of Madras propose the discontinuance of this return and the substitution for it of one or other of two season reports compiled for local purposes, one weekly and the other monthly, containing the average retail price of food grains for each district for each week or month.

2. The half-monthly return of retail prices is, together with similar returns from other provinces, published in a consolidated table in the *Gazette of India*, and it also forms the basis of a return of annual averages which is printed in a volume issued annually under the name of "Prices and Wages in India." This volume has now reached its thirteenth issue. It contains a record of prices since 1861, and it is now recognised in other countries as well as in India as a work of record and reference whose value increases each year. Since 1873 the figures have been compiled on the present basis which was prescribed by the Government of India. The return enables comparison to be made over a long period in respect of the level of prices in Madras, and it also permits of comparison of the relative levels of prices in Madras and in all the other provinces in India where half-monthly returns are prepared in precisely the same method as the returns from Madras.

3. The figures in the half-monthly return represent actual prices at certain stations on certain days (the 15th and last day of each month), while those which the Government of Madras propose to substitute for them represent averages for the whole of a district. Even if averages computed in local offices may be accepted as being as trustworthy as actuals in a particular place on a particular day, it is evident that the change effected by the substitution would be so great as to make impossible any comparison with the figures which have now for many years been published by the Government of India. This result, involving as it does a complete solution of continuity in work which is of such a character that its nature should be changed as little as possible, and which grows more valuable as each year passes, does not commend itself to the Government of India, and I am desired to say that they would prefer to maintain the present return.

4. The Government of India also are desirous that the prices of salt should not be omitted, but they agree that it is unnecessary that the prices of firewood should any longer be recorded, and these need no longer be rendered.

No. 8047-54—R. 2694, DATED, BANGALORE, 17TH MARCH 1897.

ORDER THEREON.—Deputy Commissioners of districts are requested to omit the column "Firewood" in their future prices current (retail) of food grains and salt.

Dockets Nos 862—Muz. F. 77-92, dated 29th January 1897, and C 42—Muz. F. 77-92, dated 13th February 1897, from the Secretary to Government in the Muzari Department, transferring for disposal correspondence ending with letter No. 418, dated 11th November 1896, from the Deputy Commissioner, Hassan district, furnishing particulars of lands proposed to be granted free of price in the Bammachavalli village, Alur sub-taluk, to Sri Janardanaswami temple at Palya.

No. 8123-25—R. 2722, DATED, BANGALORE, 17TH MARCH 1897.

ORDER THEREON.—It is reported that lands measuring A. 36 g. 21 (both dry and wet) in the Kongavalli village, Palya hobli, Alur sub-taluk, which bore an assessment of Rs. 68-12-6 prior to the survey settlement, and which were in the khates of two raiyats, were enjoyed by the temple on "Dhangutta" tenure, the temple paying to Government out of its Paditara Funds the greater portion of the kandayam. During the survey settlement, the kandayam of these lands was increased to Rs. 136-8-0; it fell into arrears and was subsequently levied from the khatedars, who, in consequence ceased to pay gutta to the temple The result was that a number of services performed in the temple had to be stopped and that the temple diminished in importance. The Deputy Commissioner in view to the temple being brought to its former condition, recommends the free grant, subject to the payment of full assessment, of 22 acres of land (as described in the margin) situated in the Bammachavalli under the new Sankatirtha channel, which is considered to be capable of yielding the produce once enjoyed by the temple.

Correspondence ending with letter No. 565, dated 17th February 1897, from the Superintendent of Revenue Survey in Mysore, proposing the division into two charges of the Hanchikuppe Shanbhogi scale in the Magadi taluk, and soliciting sanction to the payment of Rs. 6-8-0 as potgi in excess of the amount already sanctioned.

No. 8151-53—R. 2734, DATED, MYSORE, 17TH MARCH 1897.

ORDER THEREON.—From the correspondence read above, it is observed that Hanchikuppe and three other villages of the Magadi taluk, forming one shanbhogi circle with a potgi of Rs. 56, have now been divided into two groups as indicated in the margin with a total remuneration of Rs. 62-8-0. It is stated that the village of Hanchikuppe is distant and isolated from the other three villages and the charge should be broken up with a view to a more efficient discharge of the shanbhogi duties.

No. 8143-50—R. 2733, DATED, MYSORE, 20TH MARCH 1897.

ORDER THEREON.—With the above, the Deputy Commissioners of districts (except Kadur) submit, as required in Circular Memo No. 3117-24—R. 1098, dated 21st September 1896, statement showing the final disposal of applications sanctioned by Government for the grant for cultivation, &c., of gomal lands during

the quarter ending 30th September 1896, and the following is an abstract compiled from them in this office:—

No.	Districts.	Total No. of applications sanctioned by Government, awaiting disposal at the beginning of the quarter.	No. of darkhasts in which possession of land was made over to the applicant or purchaser.	No. of applications pending further disposal by the Deputy Commissioner at the end of the quarter.	Relating to the year.

2. The number of applications sanctioned by Government but pending further disposal in the Mysore, Kolar, Hassan and Shimoga districts, is large and the matter calls for the early attention of the Deputy Commissioners.

3. The request made by the Deputy Commissioner of the Mysore district for deputing three additional Measurers from the Survey Department, for the phod work in that district, should form the subject of a separate reference.

4. The supplemental list for the Channagiri taluk and the Kumsi sub-taluk, promised by the Deputy Commissioner of the Shimoga district so far back as 5th November 1896, has not yet been received. The Amildar and the Deputy Amildar should be directed to submit the return punctually in future.

5. The quarterly returns submitted by some of the Amildars in the Kadur district having been found incorrect and incomplete, they were returned to the Amildars, and the Deputy Commissioner promises to obtain in time correct information and commence submitting the return for the whole district from the quarter ending 31st December 1896. It is hoped that this will be done.

READ:—

The following letters from the Superintendent of Revenue Survey in Mysore.

(1) *No.* 381, *dated* 12*th December* 1896.

With reference to Government Proceedings No. 1888-90—R. F. 44-92, dated 19th August 1896, regarding the revision of the assessment on Supari gardens in the taluks of Sorab, Sagar, Nagar and Koppa, I have the honor to report that I have revised the whole of the garden assessment and am issuing the necessary instructions and statements to the Revenue Officers.

2. The Anantpur taluk, according to present boundaries, is distributed between the Sagar, Nagar, Shimoga and Shikarpur taluks. That portion of Anantpur taluk which now belongs to Sagar and Nagar I have considered as coming under the operation of the Proceedings of Government quoted above at para 1, but I shall not issue the Mowjewar Supplementary Akarbands until Government decide whether I am right in considering the order as applicable. The Anantpur garden rates were worked out on a 22-rupee maximum and I would recommend the remissions granted in Sagar and Nagar to extend to it also.

3. I would ask also whether the order for remission should also be applied to the portions of the old Anantpur taluk now included in the Shimoga and Shikarpur taluks. For the reasons given in the preceding para, I recommend that the remission concession should apply in this case also.

4. It will be observed from the map, which I now submit for the purpose of illustration, that a large tract has been transferred from the old Lakvalli taluk to the Koppa taluk. Also a smaller tract has been transferred from the Chikmagalur taluk to the Koppa taluk. In the case of both the Lakvalli taluk and the Chikmagalur taluk the garden maximum rate was Rs. 16. If Government approve, I will fix a slight remission for both these tracts so as to bring the operation of the order of 19th August 1896 into equal bearing upon all of the tract shown on the map. I do not consider remission absolutely necessary, but there is no doubt that if the operation of the remission order is not eased off as it were, as we approach the maidan, some invidious comparisons may be drawn by the garden owners.

5. I think that if Government will approve of the suggestions made at paras 2, 3 and 4 as above, I can arrange my scale of remissions so as to leave no room for any adverse criticism on the score of inequality, and I can keep the total within or very nearly within the limit of Rs. 75,000 allowed me at para 6 of the Proceedings.

6. As regards the villages which constituted the four taluks of Sorab, Sagar, Nagar and Koppa as they stood at time of settlement, I am issuing Mowjewar Akarbands at once so as to be in time for the collecting season.

7. It only remains for Government to decide on the points raised at paras 2, 3 and 4 above, when I will proceed to complete the work in the shortest possible time. I will then submit a report upon the general effect of the remission order, showing exactly the amount of revenue Government will have to forego.

8. Early orders are of great importance as the collection season is close at hand.

9. The map which I now submit shows clearly how the boundaries of taluks have changed and what orders are required.

10. It will be observed from the map that some isolated villages have been transferred from Tirthahalli taluk to Nagar taluk and *vice versa*, but no special orders seem necessary, as I shall deal with both sets of villages (there are very few) as they stood at original settlement.

(2) *No.* 432, *dated 7th January* 1897.

I have the honor to draw attention to the urgency of the settlement of the reference made by me in my letter No. 381 of the 12th December 1896, as, if the remission order as regards garden assessment is to extend to the villages recommended by me, it is highly important that the necessary collection statements should be with the Revenue authorities at an early date.

(3) *No.* 632, *dated 16th March* 1897, *with its enclosure.*

With reference to my letter No. 381 of the 12th December 1896, and reminder No. 432 of the 7th January 1897, on the subject of the revision of the assessment on Supari gardens in other taluks than Sorab, Sagar, Nagar and Koppa, I have the honor to forward copies of * correspondence on the same subject which has passed between the Deputy Commissioner, Shimoga, and myself, which may be of use to Government in disposing of the question raised.

* (1) Letter No. 1965 of 26th February 1897, from the Deputy Commissioner, Shimoga.
(2) Survey Superintendent's letter No. 612 of 8th March 1897.

No. 1965 *of* 26*th February* 1897 *from the Deputy Commissioner, Shimoga district, to the Superintendent of Revenue Survey.*

I beg to forward herewith in original letter No. 295 of the 16th February 1897, received from the Sub-Division Officer of Sagar, enquiring if the order of Government contained in Proceedings No. 1888-90—R. F. 44-92 of the 19th August 1896 to the effect that a portion of the kandayam on the Supari gardens in the Sagar, Sorab and Nagar taluks should be remitted, refers also to the villages transferred from other taluks to those taluks. I shall deem it a favor if you will kindly let me have your reply to the query of the Sub-Division Officer. Please return his letter with your reply.

No. 612 *of the 8th March* 1897 *from the Superintendent of Revenue Survey to the Deputy Commissioner, Shimoga district.*

In reply to your letter No. 1965 of the 26th ultimo, I have the honor to forward copy of my letter No. 381 of the 12th December 1896 to the Secretary to Government, General and Revenue Departments, which will explain the state of the case as it now stands.

2. Strictly speaking the garden owners of other taluks have no claim to remission, as the concession order of Government was based not upon the position which any taluk occupied but upon the maximum garden rate imposed by the Survey Department. Enclosures are returned.

No. 590-2—R. F. 44-92, dated, Camp Mysore, 30th March 1897.

Order thereon.—The suggestions made by the Superintendent of Revenue Survey in paras 2, 3 and 4 of the first of his letters read above, are approved.

No. 8115-22—R. 2721, DATED, BANGALORE, 17TH MARCH 1897.

ORDER THEREON.—The appended statement marked A, prepared in this office, shows the number of Regular "Original," "Appeal" and "Referred" cases filed and disposed of during the period under review as compared with the corresponding period of 1895.

2. The dates of the oldest cases pending in the Bangalore, Chitaldrug, Mysore, Kolar, Tumkur and Shimoga districts are given below:—

Bangalore	...	...	...	...	7th September 1892.
Chitaldrug	...	...	...	...	23rd August 1894.
Mysore	...	...	..	...	29th November 1894.

Tumkur	...	...	...	..	7th October 1895.
Shimoga	...	...	...	...	30th April 1896.

3. The Deputy Commissioners concerned are requested to arrange for the early disposal of these cases, especially the Deputy Commissioner, Bangalore district, wherein the cases dated so far back as the 7th September 1892 are still pending. In the returns received from the Hassan and Kadur districts, these dates have not been given in spite of frequent remarks in the previous reviews. The attention of these Deputy Commissioners is, therefore, again drawn to para 2 of Government Proceedings No. 9646-53—R. 3726, dated 29th April 1896, noticing such omissions. The returns will be sent back to them for re-submission with the omission duly supplied.

4. The disposal of "Petitions" and "Miscellaneous Proceedings" is exhibited in the subjoined statement marked B.

5. In the returns submitted by the Deputy Commissioner, Hassan district, many discrepancies were noticed and the returns sent back for correction and re-submission. This caused much delay in reviewing them. The Deputy Commissioner is, therefore, requested to arrange for the regular submission of correct returns in future.

READ:—

Correspondence ending with letter No. 616, dated the 5th January 1897, from the Deputy Commissioner, Hassan district, in respect of land taken up for the construction of a Court-house at Holé Narsipur.

No. 8487-89—R. F. 63-96, DATED, BANGALORE, 26TH MARCH 1897.

ORDER THEREON.—The Deputy Commissioner states that Purushothamachar, Agent of the Uttradi Matt, has selected 18 guntas of land out of Survey No. 71 (kharab tope) of the Holé-Narsipur village, in lieu of the 2 acres and 25 guntas of land out of Survey No. 77 taken up for the Court-house at that station and submits an alienation statement, with a report that the trees standing on a portion of Survey No. 71 have been reserved for the Government, the remaining portion now selected being fit for wet cultivation.

2. Under the circumstances represented, the appropriation for the construction of the Munsiff's Court at Holé-Narsipur, of land measuring 2 acres and 25 guntas out of Survey No. 77 in Kasba Holé-Narsipur, is sanctioned, the proportionate assessment thereon to be fixed by the Superintendent, Revenue Survey, being written off the accounts. The proposed grant to the Uttradi Matt of 18 guntas of land out of Survey No. 71 in lieu of the Matt inam taken up for the Court-house is sanctioned, subject to the same conditions as those on which the original inam (Survey No. 77) was granted to the Matt.

C. SREENIVASIENGAR, *Secy to Govt., Gen. & Rev. Depts.*

To—The Deputy Commissioner, Hassan district, with vernacular papers.
The Superintendent of Revenue Survey in Mysore, with copy of statement.
The Superintendent of Inam Settlements in Mysore.

READ:—

Letter No. 583, dated 4th March 1897, from the Deputy Commissioner, Kadur district, soliciting sanction to the appropriation for cardamom cultivation of 5 acres and 34 guntas of gomal land out of Survey No. 266 (Phod No. 348) in the Urbage village, Banakal hobli, Mudgere taluk, and stating that the villagers do not object to the grant of the land in question.

No. 8582-90—R. F. 12-96, DATED, MYSORE, 31ST MARCH 1897.

ORDER THEREON.—The Amildar's report No. 1036, dated 22nd March 1895, refers to an inspection at which it was ascertained that the land in question had no value from a forest point of view. The Deputy Commissioner is requested to report whether this was an inspection made by an Officer of the Forest Department.

2. It is desirable that before submitting for the orders of Government applications for the grant of gomal land for cardamom cultivation, the Deputy Commissioners of malnad districts should require the District Forest Officer to inspect the land applied for and record his opinion regarding the effect of its cultivation on any perennial springs or streams existing on or near the land in question. The Deputy Commissioners of these districts are requested to arrange accordingly in future.

3. The vernacular records connected with the present application are returned.

No. 8677-84—R. 2918, DATED, BANGALORE, 31ST MARCH 1897.

ORDER THEREON.—Recorded with the following observations.

2. The Deputy Commissioner of Bangalore has not mentioned the names of the Amildars in his reviews. The omission should be supplied in future reviews.

3. Amildar Srinivasa Rao of the Sidlaghatta taluk did not leave his head-quarters during the whole month, and the same was the case with Amildar Gopal Rao of the Malur taluk, during the 2nd fortnight. The explanations of these Amildars should be obtained and submitted. Chokkanna, Amildar of the Bowring-pet taluk, did very little out-door work during the 2nd fortnight. The Deputy Commissioner will do well to notice such points in his future reviews and furnish explanations for the same.

4. There has been a delay of three months in the submission of the review of the Deputy Commissioner of Mysore. It is further observed that the Amildars of Seringapatam and Malvalli and the Deputy Amildar of French Rocks were out in camp only for a day during the whole month. The Amildar of Nagamangala does not appear to have submitted his journal at all. The Amildar of Nanjangud was not in camp even for a single day, and visited only one village during the whole month. The Deputy Commissioner should call upon these Amildars to submit their explanations.

5. The camping out of almost all the Amildars in the Hassan district was very short during the month.

No. 8620-27—R. 2911, DATED, BANGALORE, 31ST MARCH 1897.

ORDER THEREON.—Recorded.

2. The Deputy Commissioner of Kolar has directed the Amildars and Deputy Amildars of his district to attend to the execution of earth work to tanks brought up to standard. The Deputy Commissioners of other districts should also impress their Amildars and Deputy Amildars the fact that the efficient inspection of tank bunds is one of their important duties.

3. The Deputy Commissioner of Tumkur is requested to enquire and report why Amildar P. Sitaramaiya of the Gubbi taluk did not leave his head-quarters during the first fortnight.

4. The review of the Deputy Commissioner of Hassan for the month was not received till so late as the 4th January 1897. With the exception of the Arkalgud Amildar, the camping out of every Amildar in the district was unsatisfactory. The Amildar of Hassan and the Deputy Amildar of Alur require to be warned that they should not confine themselves to their head-quarters.

5. In the review of the Deputy Commissioner of Shimoga for the 2nd fortnight, several of the figures are wrong. The Amildars of Shimoga and Sagar are shown to have visited 12 villages each, but the number of miles travelled, and the number of halts made by them are not given. The Deputy Amildar of Kumsi and the Amildar of Honnali are shown to have made three and ten halts, respectively, but the distance travelled, and the number of villages visited, by them are not mentioned. The Deputy Commissioner is requested to explain these omissions.

2. *Land Revenue.*—The decrease under current demand in the Kolar, Tumkur Hassan, Shimoga and Kadur districts, as shown below, requires explanation, which the Deputy Commissioners concerned are requested to furnish at an early date.

	Kolar.	Tumkur.	Hassan.	Shimoga.	Kadur.
Last year	24,413	14,751	26,275	11,776	53,556
Current year	9,629	5 691	22,012	6,290	15,040
Difference	14,784	9,060	4,263	5,486	38,516

3. The proportion of balance to the entire demand is indicated below :—

Districts	1895-96	1896-97
Hassan	46·8	65·5
Kolar	47·0	57 1
Shimoga	52 3	51·0
Bangalore	44 9	50 2
Mysore	29 6	38·8
Tumkur	3 9	32·3
Chitaldrug	16·0	19 2
Kadur	19·1	18·3

The above figures show that the collection work demand special attention in the Hassan, Kolar, Bangalore, Mysore, Tumkur and Chitaldrug districts.

4. *Sayer.*—Calls for no special remark, except that the large balance of Rs. 1,302, remaining uncollected in the Tumkur district, should be collected early.

5. *Miscellaneous.*—The heavy balance of Rs. 14,140 and Rs. 11,770 remaining uncollected in the Shimoga and Mysore districts, respectively, demand early attention.

Letter No 826—690 dated 6th February 1897 from the Deputy Commissioner, Shimoga district soliciting sanction to the appropriation for cultivation purposes of 20 acres and 24 guntas of land out of soppinbetta Survey No. 32 in the Bekanur village, Muthur hobli, Tirthahalli taluk, and stating that the villagers do not object to the grant of the land in question and that the remaining extent of gomal land is sufficient for grazing purposes.

No 9741-43—R F. 11-96, DATED, BANGALORE, 12TH MARCH 1897.

ORDER THEREON.—The primary object of soppinbetta lands being to provide manure for the gardens existing in the village, there is no use of adding a remark in the gomal statement to the effect that the remaining portion of the gomal land is sufficient for grazing purposes. The Deputy Commissioner is therefore requested to report whether, as stated in the Amildar's report, dated 25th January 1897, the total extent of existing garden lands in the village is 54 acres and 3 guntas assessed at Rs. 731-12-0, and whether, in his (Deputy Commissioner's) opinion, the remaining extent of soppinbetta land would be sufficient for the gardens depending thereon

Letter No. 4631—321, dated 8th March 1897, from the Excise Commissioner in Mysore, submitting for approval and publication Draft notifications in English and Kanarese, regarding the sale of Arrack Vend Farms and Separate Shops for the year 1897-98.

No. 424-34—Ex., DATED, CAMP MYSORE, 17TH MARCH 1897.

ORDER THEREON.—The Excise Commissioner's proposal to extend the separate shop system to all district head-quarter towns, and to hold the sales of Vend Farms in the Shimoga district at the head-quarters of each taluk, is approved.

2. The draft notifications now submitted are accordingly approved and forwarded to the Compiler, *Mysore Gazette*, for publication in the next three successive issues; the schedules being published in the first issue, and a reference thereto made in the subsequent issues.

3. The reports on the results of sales should be submitted as received from the District offices, besides a general brief report with the prescribed tabular statement before the end of the current official year.

4. The Officers conducting the sales should draw the special attention of intending bidders to (1) the non-liability of farmers to pay the depôt charges, and (2) the difference of Rs. 1-3-8 between the duty and price payable by them and the retail price realizable by them. In both these respects they will be much better off than the farmers of past years.

SALE OF ARRACK VEND FARMS OF 1897-98.

Notification, Camp No. 422—Ex., dated 17th March 1897.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule for the twelve months, beginning with 1st July 1897 and ending with 30th June 1898, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the taluk head-quarters in the respective districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to $\frac{3}{8}$ths of a month's rent; and within fifteen days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he fails to make either of the deposits aforesaid the deposits already made will be forfeited, and the exclusive privilege will be immediately re-sold or otherwise disposed of as the Deputy Commissioner may direct; and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the re-sale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth ; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited ; and the exclusive privilege will be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The details of consumption of Arrack in the shops of the existing farms and at depôts, the amount of rental of each farm, &c, for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of Arrack of 30° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1897 ; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (*2*) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from the Commercial Bank of India, who have been appointed manufacturers of Arrack and other country spirits to the State, or from any Bonded Depot established under the sanction of Government. The rate to be charged by the said manufacturers for arrack supplied by them, shall be 6¼ annas per gallon of 20° under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs 6-6-0 per gallon of 20° under-proof, (*i. e.* at annas 2 per dram which is equal to $\frac{1}{5^{1}2}$ part of a gallon), and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the manufacturers is in addition to excise duty, which shall be prepaid into the local Government Treasury, as per following condition (5), at Rs 4¾ before the removal of arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such arrack to the manufacturers or their agent, or any person appointed by Government in this behalf, the Assistant Supervisor or other officer in charge of the Distillery, or the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the Treasury Officer's receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Assistant Supervisor or other officer or Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form, under the rules in force for the transport of the arrack from the Distillery. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore district shall maintain at a place or places within his farm where it may be considered necessary by the Deputy Commissioner, a depôt or depôts to which all arrack purchased by him shall in the first instance be conveyed in his own casks for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being borne by the Government contractor for carriage of arrack to Bonded Depôts.

(7) The arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt, and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The passes issued with the arrack purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1897 in the existing Bonded Depôt in his farm, or in the Farm Depôt, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force, and by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The Farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and re-sell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1897, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other law for the time being in force.

By Order,

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Departments.

Camp No. 423, *dated* 17*th March* 1897.

SALE OF SEPARATE ARRACK SHOPS FOR 1897-98.

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the subjoined schedule, for the twelve months beginning with 1st July 1897, and ending with 30th June 1898, will be put up to public auction on the dates and at the places named in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to ⅓ths of a month's rent for that shop; and within seven days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent. Should he fail to make either of the deposits aforesaid, the deposits already made will be forfeited, the shop will at once be re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he will be debarred from bidding again for the same or for any other shop.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. Persons to whom shops have been knocked down shall, within ten days of the expiry of the period of seven days above mentioned, take out licenses and execute agreements in the prescribed form, on the conditions hereinafter set forth. On the failure of any person to take out licenses or to execute agreements as aforesaid, the shop or shops will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The amount of rental, the consumption of each shop, &c., for several years past are specified in the appended schedule.

7. The license to be taken out under para 5 above shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of arrack of the strength of 20° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) (*a*) The amount for which the privilege has been purchased shall be payable into the local Government Treasury in equal monthly instalments commencing from July 1897; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the lease is forfeited, and proceed to re-sell the shops as soon after the last day of the month as may be possible. The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the lease. Provided, however, that when the shops are re-sold, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the shops. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default and on deficits from the date of re-sale.

(3) The licensee shall purchase the arrack to be sold in his shop from the Commercial Bank of India, who have been appointed Manufacturers of arrack and other country spirits to the State, at the rate of 6¾ annas per gallon of 20° under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. The arrack shall be sold to the public by the licensee at Rs. 6-6-0 per gallon of 20° under-proof, (*i. e.*, at annas 2 per dram which is equal to $\frac{1}{32}$ part of a gallon).

(4) The licensee of every shop in the towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each.

(5) The above rate to be charged by the Manufacturers and the above fees are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. 4¾ per gallon of 20° under-proof, before the removal of the arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a special Shroff appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays, and shall obtain a receipt in the prescribed printed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of arrack, which forms shall be purchased from local Excise Officers.

(8) Resignations of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(9) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(10) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop, or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or for such neglect, or, at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to re-sell the shop at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1897, shall be made good by him. When a shop is cancelled, the rent for the whole period of the shop shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

9. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or other law in force.

By Order,

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Departments.

Letter No. 4488—308, dated 2nd March 1897, from the Excise Commissioner in Mysore, submitting for the orders of Government the tenders received by him for the arrack manufacturing contract for five years from 1st July 1897 to 30th June 1902.

No. C. 298-9—R. F. 276-92, DATED, CAMP MYSORE, 3RD MARCH 1897.

ORDER THEREON.—Of the tenders received, the most favorable is from the Commercial Bank of India, Limited, Proprietors of the Arcot Sugar Works and Distilleries, the rate tendered by them being Re. 0-6-4 per gallon 20° under-proof. Government are pleased to accept this tender and to direct that such acceptance be communicated at once to the Bank referred to above, and that the Bank be called upon to make the deposit of one lakh required by Notification No. 5814—Ex. 223, dated 28th December 1896, to execute an agreement in the prescribed form and to make all arrangements for the due fulfilment of their contract.

Letter No. 4790—331, dated 16th March 1897, from the Excise Commissioner in Mysore, stating, with reference to this office docket No. 5375—Ex. 206, dated 10th December 1896, that the date trees on certain lands in the Kadur taluk, given out for cultivation during the quarter ending 30th September 1896, were not being utilized by the Excise Department, and that the figures in column 8 of the quarterly statement represent the sale proceeds of the land as well as the estimated revenue from the trees.

No. 8574—Ex. 320, DATED, CAMP MYSORE, 31ST MARCH 1897.

ORDER THEREON.—It is observed that the heading "Estimated revenue from date trees" in column 8 of the statement is intended solely for the entry of the annual Excise revenue from the date trees on lands given out for cultivation, to enable Government to ascertain whether it would be more advantageous to reserve the land for purposes of Excise revenue or to give out the land for cultivation, and that this object is defeated by entering therein the aggregate of the sale proceeds of the land and the estimated Excise revenue. This distinction should be strictly observed in the preparation of future returns.

Proceedings of the Government of Mysore,

READ :—

Annual Report on Government Gardens and Parks in Mysore for the year 1895-96, submitted by the Superintendent, Government Gardens, Bangalore, with his letter No. 87, dated 26th October 1896.

No. 8228-38—Ft. F. 15-95, DATED, BANGALORE, 19TH MARCH 1897.

ORDER THEREON.—Government have read Mr. Cameron's report with much interest, and are gratified at the increasing popularity and usefulness of the gardens under his charge.

2. There was a large increase in the number of visitors to the Lal-Bagh and a good deal was done to improve the grounds in connection with the visit of His Excellency the Viceroy on the 20th November 1895.

3. There was a small collection of rare animals in the Menagerie and Aviary which continue to afford additional attraction to the public.

4. The class for apprentice gardeners consisted of six persons, of whom three are reported to have completed their course last year.

5. There were two Horticultural Shows during the year. The one held in August was hardly up to the standard owing to a late season and light rain-fall. The other held in January was more successful, as there was a better show of plants, roses and vegetables (both English and country).

6. It is gratifying to note that some of the donations specified in the list submitted by Mr. Cameron were received from such distant places as Hongkong, Brisbane, Melbourne, Natal, California and Calcutta, as a token of the interest which the donors take in the progress of the Lal-Bagh.

7. The Government regret to observe that owing to a large portion of the consignment of English and American seed potatoes having been received in a highly putrid condition there was practically a failure in their cultivation and experiment.

8. Fairly satisfactory progress was made in the growth of Kashmere vines in the Daria Daulat Bagh at Seringapatam and in the Palace Gardens at Bangalore. Grapes of excellent quality, including some wine-producing varieties, were grown.

9. With reference to the suggestions made in paras 36 and 37 as regards the cultivation of *Rhea* fibre and forage plants, Mr. Cameron will draw up brief memoranda showing methods of cultivation, conditions of soil, rain-fall, &c., required for satisfactory growth, and send the same to the Deputy Commissioners concerned for such action as they may deem fit to take.

10. Matters requiring the separate orders of Government, such as increase of pay of establishment, the extension of the Cubbon Park, the improvement of water-supply for the Lal-Bagh, &c., should not have been mentioned in the annual report, which should have been restricted to a record of the operations of the past year. The Superintendent will now deal with these matters by separate communications with the departments concerned.

11. The subjoined statement shows the receipts and expenditure of the Gardens and Parks which were under Mr. Cameron's charge during the year under review :—

The following letter No. 3306—254, dated the 11th March 1897, from the Conservator of Forests in Mysore, with enclosures.

With reference to Government Proceedings No. 6684-93—Ft. F. 19-96, dated the 25th January 1897, and in continuation of my letter No. C. 154, dated the 16th idem, printed therewith, I have the honor to enclose a comparative statement (*a*) showing the existing clerical and menial establishment and that proposed to be given to each of the five Range Officers. It will be seen that I propose reducing the pay of the two peons and one lascar attached to the late Shikarpur Sub-Division office from Rs. 7 to Rs. 6 each per mensem and appointing one additional mutsaddi on Rs. 10 and three additional peons on Rs. 6 each per mensem, which involves an additional net expenditure of Rs. 25 per mensem counterbalanced by savings of Rs. 65 per mensem consequent on the reduction of temporary plantation establishment in the Shimoga district as per statement (*b*) enclosed.

2. I accordingly request that you will be good enough to obtain Government sanction for the new arrangement in anticipation of the general revision of executive and office establishments for which proposals will be submitted in due course.

Letter No. 1039—114, dated 14th October 1895, from the Inspector General of Forests and Plantations in Mysore, requesting orders as to what department, whether Forest or Revenue, should have the care of the sand dunes at Talkad and the existing belts of trees therein.

2. Letter from the Deputy Commissioner of Mysore No. 1060, dated 23rd February 1896, reporting that, since the adoption of the measures initiated by the late Deputy Commissioner Mr. Rangaswamaiengar, the sand dunes have made no further approach towards the village and caused no further destruction of property, and that the people are thankful to that gentleman for his scheme.

3. Letter from the Excise Commissioner No. 426, dated 18th July 1895 stating that, as date palms seem to be sand binding trees, he has requested the Deputy Commissioner of Mysore to cause date seeds to be dibbled on the sand hills.

No. 8283-86—Ft. 517, dated, Camp Mysore, 22nd March 1897.

Order thereon.—Government observe that before the adoption of preventive measures by Mr. Rangaswamaiengar, the sand dunes referred to in the foregoing correspondence were a source of great danger to Talkad. Though much has since then been done to avert immediate danger, a great deal yet remains to be accomplished. On this point, the Inspector General of Forests recommends that the existing belts of trees should be extended and requests orders as to what department

should have charge of them. With reference to these questions, the Government are of opinion that the Forest Department can complete the work of extension more satisfactorily than the Revenue or the Local Fund Department, and they accordingly direct that the plantation in question be transferred to the exclusive management of the first named department.

2. A small sum has been spent on the above work from the District Funds. Considering, however, the immense benefit already derived by the people of Talkad from these plantations, a refund of the amount thus expended will not be claimed by that department.

Letter No. 1870—159, dated 30th November 1896, from the Conservator of Forests in Mysore, recommending the grant of a monthly allowance of Rs. 50 to Mr. M. G. Rama Rao, Assistant Conservator, for the period during which he was in charge of the Mysore District Forest office

2. Letter No. 5627—T. A. D. 279, dated 9th March 1897, from the Comptroller giving his opinion on the subject.

No. 8353-37—Ft. F. 62-95, DATED, CAMP MYSORE, 25TH MARCH 1897.

ORDER THEREON.—By Notification No. 2338—Ft. F. 90-95, dated 1st September 1896 Mr. M. G. Rama Rao, Assistant Conservator of Forests, Heggaddevankote sub-division, was appointed to be in charge of the current duties of the office of the Deputy Conservator of Forests, in addition to his own duties, during the absence of Mr. Abdul Karim on privilege leave. The charge allowance to which he is entitled is regulated by Article 107 of the Mysore Service Regulations. The limit of three-fourths for the first thirty days applies as well to charge allowance as to acting allowance (*vide* Articles 82 and 85). The Deputy Conservator's minimum pay being Rs. 400, the charge allowance admissible in the present case is Rs. 30 for the first month and Rs. 40 per mensem for the remaining period. Government are of opinion that the codal rules must be adhered to, and they are, therefore, unable to sanction the payment of any allowance in excess of what is admissible thereunder Payment as above is authorized accordingly.

Proceedings of the Government of Mysore,

The following letter No. 56, dated 2nd March 1897, *from* the Inspector of Agricultural Banks in Mysore.

I have the honor to request that orders may be issued for submitting the Memorandum and Articles of Association *in duplicate* when proposals for the establishment of an Agricultural Bank are forwarded for sanction.

2. At present only one copy is sent and the Registrar of Joint Stock Companies retains it and despatches a certificate to the effect that the Bank has been registered under the Companies Regulation.

Thus it will be seen that there is no authenticated record in the Bank premises exhibiting all the particulars mentioned in the original.

3. Besides, under Section 42 of the Companies Regulation, the Bank is bound to furnish a copy of the Rules to any member, if he applies for the same, on payment of a fee not exceeding one rupee. It is therefore necessary that a correct copy should be kept in the Bank. The Registrar of the Companies has agreed to return, if two copies of the Memorandum and Articles of Association are sent to him, the duplicate duly signed along with the certificate.

4. This procedure, if adopted, will avoid the necessity of the Bank obtaining a certified copy from the Registrar of Companies at heavy cost.

No. 7878-88—Fl. 653, DATED, CAMP MYSORE, 10TH MARCH 1897.

ORDER THEREON.—The Government direct that, when proposals are submitted for the establishment of Agricultural Banks, the Memorandum and Articles of Association be forwarded in duplicate, one copy being required for record in the office of the Registrar of Joint Stock Companies and the other for being kept in the Bank premises for reference.

Correspondence ending with letter No. 679, dated the 10th February 1897, from the Deputy Commissioner of the Tumkur district, regarding the establishment of an Agricultural Bank at Haldodderi in the Sira taluk.

No. 7891-94—R. F. 113-96, DATED, BANGALORE, 10TH MARCH 1897.

ORDER THEREON.—Gopalaiya and 15 others apply for the establishment of an Agricultural Bank at Haldodderi in the Sira taluk. The Bank is intended for the benefit of Haldodderi and two other villages, of which one village named Kempadatehalli is in the Tumkur taluk. The value of the property owned by the members is estimated at Rs. 11,910 with an encumbrance of Rs. 2,400 inclusive of loans made by Government on account of irrigation wells under the Land Improvement Regulation. Government are pleased to sanction an advance of Rs. 3,000, as recommended by the Deputy Commissioner, for the proposed Agricultural Bank at Haldodderi, and to authorize him to place the said sum in the Sira taluk treasury for the purpose of being drawn as required. Interest at 4 per cent per annum should be recovered half-yearly from the Bank, up to 30th June and 31 December of each year, on the sums actually borrowed by the Bank. The Memorandum and Articles of Association received with the letter read above, together with the Remittance Transfer Receipt for Rs. 1-8-0 on account of registration fee will be forwarded to the Registrar of the Joint Stock Companies.

Letter No. 708, dated the 16th February 1897, from the Deputy Commissioner, Tumkur district.

I have the honor to submit herewith for information of Government, a copy of Assistant Commissioner Mr. C. Seshadri Iyengar's Notes on the Inspection of the Agricultural Bank at Turuvekere on the 3rd January 1897.

Notes on the Inspection of the Agricultural Bank at Turuvekere.

Date of Inspection—3rd January 1897.

Name and rank of Inspecting Officer. } C. Seshadri Iyengar, Extra Assistant Commissioner, Tumkur district.

REMARKS :—The Bank has been opened with a capital of Rs. 8,000 lent by Government. There are now 16 members on its roll. Shanbhog Ranganna of Turuvekere is the President of the Bank and Naranappa is its Agent. Considering that the Bank is in its infant stage, I consider that its affairs are well conducted and that the President, Agent and Directors understand their work fairly well. The required number of registers have been maintained and written up to date. The whole of the amount of Rs. 8,000 has been lent to the members, minus Rs. 104-10-0 which is the cash balance of the Bank. According to the cash balance statement the amount is correct, and it is with the Agent in the Bank premises. I find that the same member has borrowed different sums of money on more than one occasion. For instance, the President Ranganna has borrowed Rs 675 on the 15th September 1896 and Rs. 200 on the 29th November 1896, and his brother Dasappa, who is also a member, has borrowed Rs. 375 on the 15th September 1896. The Agent Naranappa has borrowed Rs. 500 on the 27th October 1896 and Rs. 500 on the 15th August 1896. Although there seems to be nothing in the rules prohibiting the granting of a 2nd loan to the same individual before the 1st loan is discharged, still I am of opinion that the Directors would do well in exercising a discretion before sanctioning a 2nd loan to the same member. By this means they will be able to extend the sphere of usefulness of the Bank and allow loans to the newly admitted members without applying for the increase of the capital. There are now more than 30 applications from different raiyats for new admissions, either pending final disposal, or investigation regarding the details of immovable property possessed by them. No loans could be granted to these members unless the Government sanctions at least an additional loan of Rs. 7,000 and increase the capital of the Bank to Rs. 15,000. In some instances I find, on enquiry, that the recipients of the loans from the Bank have appropriated portions of the sums borrowed in paying off the debts incurred by them without the mortgage or hypothecation of their lands. They justify their action under Rule 44 of Memorandum and Articles of Association. The primary object of the Bank must always be borne in mind and I am of opinion that there is no use of the Bank enlisting on its roll members whose condition cannot be bettered by being allowed a loan for the redemption of their immovable property and for the improvement of the same.

No. 8020-29—R. F. 113-95, DATED, BANGALORE, 17TH MARCH 1897.

ORDER THEREON.—Government are glad to hear that the affairs of the Bank are properly managed and its accounts correctly kept. The observations made in the report read above, are not without much force and will be commended for the attention of the members of the Bank.

2. If there is a real *bonâ fide* demand, there is nothing to prevent the Bank from enlisting more members and increasing its capital, the necessary additional funds being obtained from Government or otherwise in the manner provided in para 37 of the Articles of Association.

The total number of deaths up to the end of June 1896 was 21, the number during the year having been abnormally high, nearly 50 per cent of the total of the past five years. The amount of bonus payable on these deaths aggregated Rs. 26,149-12-0, of which Rs, 20,805 have already been paid and the balance of Rs. 5,344-12-0 remains to be paid, pending formal application from the legal heirs of the deceased.

8. During the year under report, two policies were cancelled, owing to the death of the holders, before taking delivery of them. Eight persons resigned their appointments, of these, three continue paying their premia. Six persons were removed from service but not debarred from re-entertainment; of these, two continue payment of premia, *vide* Appendix IV.

Exclusive of all the policies that have lapsed by death or have been cancelled and those on which payments of premium have been discontinued, there are now on the books of this office 1,645 effective policies assuring in the aggregate Rs. 15,29,986-4-0 and realising monthly a premium of Rs. 6,056-8-0. Of the above 1,645 policies, 385 are for further insurance.

9. A special Committee consisting of the marginally noted members was ordered to be convened in the Committee's Proceedings, dated 7th December 1895, to consider the question of extending the scheme to inferior servants drawing pay less than Rs. 10 and modifying Rules 10 and 26 of the State Life Insurance, but owing to the retirement of Mr. L. Ricketts from service, and to other unavoidable causes the meeting of the said members has not been held. Early steps will be taken to dispose of the matter during the current year.

Mr. L. Ricketts.

10. The accounts of this office for the year under report were audited and found correct by Messrs. J. R. Michael and J. C. C. Dias, Accountants of the Comptroller's and Examiner's offices, respectively, and their report has been recorded.

11. There were held during the year, four meetings of the Committee to discuss doubtful points in connection with disposal of proposals, &c., and to transact other business.

12. The remarks of Mr. A. Rangaswamaiengar are hereto annexed as Appendix V.

APPENDIX V.

Remarks on the Draft Annual Report for 1895-96 of the State Life Insurance.

It may be interesting to note the following particulars :—

I. Para 4 and Appendix II.

In the following table the amount of average bonus, annual premium, and percentage of annual premium to such bonus, is compared for each quinquennial period. It will be seen therefrom that the bonus is in no case too high and that the proportion of premium to bonus is also uniform, showing that the character of the business is of the same average for the different periods.

Age not exceeding.	No. of policies.	Total Bonus payable.	Monthly premium.	Average Bonus for each Policy.	Annual Premium for each Policy.	Proportion of annual Premium to Bonus.	
		Rs.	Rs.	Rs.			
25	111	77,000	205	700	22	$\frac{1}{32}$	
30	154	96,000	300	624	22	$\frac{1}{27}$	
35	77	46,000	176	600	27	$\frac{1}{22}$	
40	70	47,000	240	671	41	$\frac{1}{16}$	
45	46	23,405	156·8	509	43	$\frac{1}{12}$	
	458	*2,90,985	1,071·4	635	28		*In round numbers.

II Appendix I and II.

(1) The business done in 1895-96 is less than 1894-95, both as regards number of policies and amount of insurance as follows :—

	Total Policies.	Total Bonus.	Annual Premium.
		Rs.	Rs.
1895-96 ...	458	2,90,985	12,855
1894-95 ...	494	4,58,880	20,394

(2) From the average figures given below, it will be seen that the average for 1894-95 is nearly 50 per cent higher than that of 1895-96, which indicates that the risk on individual policies was higher in 1894-95 than in the latter year. The annual premium and proportion of premium to bonus is duly maintained. From this it will be seen that the policies are distributed evenly as regards the age of the assured :—

	Fresh Policy.	Average Bonus.	Average annual Premium.	Proportion of Premium to Bonus.
		Rs.	Rs.	
1895-96 ...	...	635	28	$\frac{1}{23}$
1894-95 ...	...	929	41	$\frac{2}{45}$

III Appendix IV.

Of the total number of policies in force up to date 385 are renewals, so that the actual number of assured is 1,260.

The total average bonus for each assured is Rs. 1,214, average annual premium Rs. 58$\frac{2}{3}$ and the proportion of premium to bonus $\frac{1}{21}$. This shows that in the early years policies were issued for much higher bonus than in the last two years, but that the ages of the assured, however, were of the same average duration.

The insurances for smaller bonus is more satisfactory as carrying less risk, though the office work must be heavier and the financial results smaller in volume.

IV. The accumulated fund amounts to Rs. 1,66,633, which amounts to 10·8 per cent on the total sum insured, which may be considered satisfactory as the proportion of annual premium to the aggregate bonus is 1 to 21 and the average age of the assured is about 36 years.

V. I would suggest that a statement similar to what is given under para I may with advantage be compiled for the total number of effective policies on the books.

Note.—The figures in the statement given above have been calculated approximately.

No. 8642-43—Fl. 719, DATED, BANGALORE, 29TH MARCH 1897.

ORDER THEREON.—The total receipts and expenditure were Rs. 1,78,298-13-10 and Rs. 11,666-0-3 against Rs. 1,11,867-13-6 and Rs. 6,472-5-6, respectively, during the year previous.

2. The number of policies issued during the year under report was 458 against 494, the bonus payable and the monthly premium recoverable thereon being in the aggregate Rs. 2,90,985 and Rs. 1,071-4-0 against Rs. 4,58,880 and Rs. 1,699-8-0, respectively.

3. The average bonus payable on each policy amounted to Rs. 635 against Rs. 929, and the risk on individual policies was less than what it was in the previous year.

4. The amount of bonus earned up to the end of 1895-96 was Rs. 26,149-12-0, of which Rs. 5,344-12-0 remained unpaid at the end of the year. The number of deaths during the year was 10, involving claims of the aggregate amount of Rs. 12,583-12-0.

5. There were altogether 1,645 effective policies worth Rs. 15,29,986-4-0 and realizing monthly Rs. 6,056-8-0 as premium. The number of lives to which these policies relate has not been mentioned in the Report. Information on this point is important and should be given in future reports.

6. The cash balance at credit of the Fund at the close of the year was Rs. 1,66,632-13-7 against Rs. 1,05,395-8-0 in 1894-95.

7. The thanks of Government are due to the Committee for the satisfactory working of the scheme under their management.

The following letter No. 700, dated the 15th February 1897, from the Deputy Commissioner, Tumkur district.

It having been brought to my notice that B. Venkat Rao is the President and his son B. Srinivasa Rao is the Agent of the Agricultural Bank recently opened at Kadugatlur in the Madd agiri taluk, under the authority of Government Proceedings No. 4940-41—R. F. 113-95, dated 30th November 1896, I have the honor to report for the information of Government that I have issued instructions to the effect that either of the office-bearers should be changed at the next General Assembly of the Bank, as it is not desirable that both the father and the son should simultaneously hold the two important offices in the institution.

No. 8030-39—R. F. 113-95, DATED, MYSORE, 17TH MARCH 1897.

Correspondence ending with letter No. 897, dated the 9th March 1897, from the Deputy Commissioner, Bangalore district.

No. 8311-14—R. F. 114-96, DATED, MYSORE, 23RD MARCH 1897.

ORDER THEREON.—With the above, the Deputy Commissioner re-submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Bidarguppe in the Anekal taluk.

2. Venkataramanaiya and 19 others propose to establish the Bank for the benefit of 24 villages. The members own 831 acres and 30 guntas of land (of which 108 acres and 21 guntas are inam), the aggregate value of which is put down by the Amildar as Rs. 26,608 with a liability of Rs. 10,430.

3. As the loan of Rs. 10,000 originally recommended by the Deputy Commissioner for the establishment of the Bank is considered insufficient, both the 2nd General Assistant Commissioner and the Inspector of Agricultural Banks propose the grant of a loan of Rs. 15,000 and the Deputy Commissioner supports the recommendation. Government are accordingly pleased to sanction an advance not exceeding Rs. 15,000 being made for the Agricultural Bank at Bidarguppe, and to authorize the Deputy Commissioner to place the said amount in the Anekal taluk treasury. Interest must be recovered from the Bank half-yearly up to 30th June and 31st December of each year, at 4 per cent per annum, on the sums actually borrowed by the Bank.

4. The existing debts, both secured and unsecured, should be discharged, and the documents relating thereto together with the title-deeds taken possession of and properly secured by the Bank. The Deputy Commissioner will recover the stamp duty and take early steps to get the Memorandum and Articles of Association, which should be obtained in duplicate duly registered.

5. The names of two additional villages, *viz.*, Amanikere and Attibele, which the Inspector of Agricultural Banks says have been now included in the list, have not, however, been so included. The Deputy Commissioner is requested to have the necessary additions made to the list both as regards the number of villages and the value of the inam lands, and submit the same for record in this office.
